**You're
talented,
ambitious
and career-
focussed.**

You're in the right place.
Discover your life at ARU

Right:
Kirsten Gesner
English and Media

There's always something going on to celebrate students and their experiences.

In this guide to undergraduate degrees at Anglia Ruskin, you'll find out about our wide-ranging portfolio of degrees, our wide-ranging investment in new facilities, and the experiences of our students and alumni. I hope you'll also gain a sense of the energy and diversity of student life here. But perhaps the most important thing to take away from this snapshot of the University is how your time at Anglia Ruskin will help build your future career.

Our extensive connections with many partners and organisations beyond Anglia Ruskin provide a context that will prepare you for the challenges and opportunities that lie ahead. With award-winning lecturers who possess deep, practical experience in their field, strong industry links and professionally accredited courses, we're focused on providing both an outstanding educational experience and developing your skills, to help you towards a successful and fulfilling career.

Professor Iain Martin
Vice Chancellor

I'm Jamie, President at ARU Students' Union 2017-18. The SU is an independent charity run by ARU students for ARU students. Community is something that the University and Union work in partnership to build and I'm really proud to be a part of it. I chose to study at ARU because they work hard to increase the proportion of under-represented groups entering higher education. There's always something going on to celebrate students and their experiences.

My biggest piece of advice is to remember that we're all in the same place when we start. It can be scary to be a fresher, but that's what's great – you all have that in common. Don't be nervous about making friends or finding the right room on your first day. Just be courageous, be honest if you're lost or if you're lonely. You'll be surrounded by people that feel exactly the same way. I wish you all the best with your journey to university.

Your campus network

You're ready to be part of a proper university network, with opportunities to study and socialise in multiple locations. We have campuses in three exciting cities: Cambridge, Chelmsford and Peterborough. We also have a number of partner colleges in London and across the East of England, offering courses in specialised and local environments.

Cambridge

The UK's fastest growing city* - you can expect an enthusiastic coffee and craft beer scene in amongst Cambridge's well-established culture of gigs, art galleries and museums. Aside from its grand academic reputation and iconic architecture, Cambridge is growing to be a technology hub, with both large brands and start-ups making the city their home.

Peterborough

A small, attractive city with excellent links to the capital and countryside surroundings. The ARU student community in Peterborough is strong, and there are plenty of independent bars and cafes to spend time in with your uni friends.

Chelmsford

A busy, welcoming riverside city. Chelmsford is set in the beautiful Essex countryside and is still just a 35-minute train ride from London. Plenty of bars and restaurants, great shopping and a lively events calendar make Chelmsford a popular student destination.

To find out exactly where we are, go to anglia.ac.uk/findus

Now read on...

To learn more about our main campus locations and accommodation.

Cambridge Your city

You love to feel like part of a close-knit, friendly community and you never tire of exploring. Cambridge is a city full of little winding backstreets and endless hidden gems waiting to be discovered. You're sure to fall for this magical place - a multicultural hotspot steeped in history and culture.

anglia.ac.uk/cambridge

Live the cliché and explore the city's cobble streets and riverbanks by bike.

Foodies

Cambridge is a hotspot for great eats. Try a [Cambridge Food Tour](#) and discover the city's best gastro hangouts.

Art buffs

Cambridge has a captivating culture of museums, galleries and architecture, including the [Fitzwilliam Museum](#) and magnificent [King's College Chapel](#).

Selma Ramadan
Law

It's a really international city, and the people are so friendly and happy all the time, and it makes you feel good."

Social lifers

Head to [Revolution](#) for some bargain cocktails, or catch a band at the [Corn Exchange](#) - a Cambridge institution that hosts big name acts throughout the year.

Adventurists

Get outside and explore the city's beautiful parks, like the [Botanical Gardens](#), [Midsummer Common](#) and [Parker's Piece](#). And for an alternative way to stay fit, try out [The Cambridge Climbing Centre](#) in Kelsey Kerridge, just a short walk from our campus on East Road.

Cambridge Your campus

Just a stone's throw from the historic city centre of Cambridge, our campus is right in the thick of it. The beautiful red-brick Victorian building that has housed our Cambridge School of Art since 1858 is now surrounded by an array of modern facilities.

Campus must-haves

Amenities include our library, bar and venue, Students' Union shop, John Smith's bookshop, medical centre, gym and Employment Bureau.

Art lovers

The Ruskin Gallery and Mumford Theatre host free lunchtime gigs and public exhibitions, professional touring performances, and student productions.

With over 10,000 students studying a range of subjects, our Cambridge campus offers a vibrant and cosmopolitan atmosphere.

Future Scientists

Our new Science Centre opens in 2018 and includes a 300-seat lecture theatre adapted for science and a 200-seat laboratory.

anglia.ac.uk/sciencecentre

Creatives

Experience light and spacious work areas in the Cambridge School of Art, plus a music therapy centre, TV, sound and recording studios. The performing arts community enjoy private rehearsal and performance studios.

Entrepreneurs

The Lord Ashcroft International Business School is a hub of innovation surrounding a tree-lined courtyard. Our teaching ranked in the top 10 for student satisfaction in May 2017 (Guardian University Guide).

Cambridge Your accommodation

Whether you want the convenience of living on campus, the buzz of city-centre halls or the independence of house-sharing, we have a range of student accommodation to suit your taste and budget.

Take a look around

Want to see where you could be living?
See photos of our halls at
anglia.ac.uk/accommodation

On-campus living

You want to be in the thick of uni life. Our on-campus accommodation gives you easy access to your lectures, the library, shops and gym. And with 24-hour support, fully inclusive rent, internet access and laundry facilities, you can be sure we've got the essentials covered.

Peter Taylor House

- On campus
- 254 en-suite rooms
- Shared kitchen

Swinhoe Hall

- On campus
- 106 single and 2 twin rooms with shared bathrooms, and 5 single en-suite rooms
- Shared kitchen

Need some help?

You need a home where you feel happy, safe and comfortable. We're here to help you find one. If you have questions - no matter how small - contact our friendly team or drop in and see us.

cambaccomm@anglia.ac.uk

Off-campus living

You want to be close to the action, but you also appreciate a bit of space from time to time. We have off-campus halls of residence, within easy reach of both the university and the city centre. All are equipped with internet access, secure or covered bike storage, social spaces and laundry facilities.

CB1

- 20-mins walk from campus
- 399 en-suite single study bedrooms
- 112 studio flats (with option for couples to share)

Anastasia House

- Opposite campus
- 68 single bedrooms, most with en-suite

The Railyard

- 20-mins walk from campus
- 244 en-suite single rooms
- Gym

YMCA

- 5-minute walk from campus
- 28 single rooms with shared bathrooms and 5 en-suite rooms
- Shared kitchen facilities
- Gym

Private Renting

anglia.ac.uk/privatesector

Sedley Court

- 25-mins walk from campus
- 150 en-suite single rooms
- Shared kitchen and living area

University shared houses

You want the best of student living – but you also value independence and feeling part of city life. All our shared houses are within two miles of campus, so you’re never more than a short walk or cycle ride away. And they’re all in residential areas, close to shops, restaurants, cinemas and sports centres.

NHS accommodation

NHS accommodation is available for nursing and midwifery students, see page 70 for more details.

Chelmsford Your city

You're always looking for new things to do and you love being part of the action. Chelmsford is famous for its all-year-round events programme, plus it's only 35-mins on the train from London. Recently awarded Purple Flag status, this compact city has proved itself as offering a safe and enjoyable night out, so you'll be happy to call it home.

anglia.ac.uk/chelmsford

Film fanatics

Every city needs an independent cinema. At the Everyman, you can take your pick of the luxury venue's comfy sofas and order drinks and snacks straight to your seat.

everymancinema.com

Nina Heidelmann,
Applied Nutritional Sciences

Chelmsford is amazing. There are loads of restaurants and places you can go, but it's not as crowded as other cities."

Thrill seekers

Chelmsford Escape Rooms is the city's number one fun and adventure tourist attraction (Trip Advisor, 2017) and is run by former Anglia Ruskin students. Teams have one hour to escape, solving puzzles and riddles along the way.

chelmsfordescaperooms.co.uk

Student tip

"I love Bar and Beyond on the high street - it's an old converted theatre."

Vera Hartmann,
Medical Science

Sporting heroes

Catch a game of cricket at Essex County Ground, where the county's best compete against first-class teams.

essexcricket.org.uk

Shoppers

Chelmsford is an NUS discount heaven. Plus, it's compact size means you're never too far away from great shopping and entertainment. Bond Street and High Chelmer are best for high street brands, with a more independent vibe at Moulsham Street and Chelmsford Retail Market.

Chelmsford Your campus

You want to be part of a multicultural student community, where plenty of clubs and events mean you can start making friends right away. Our Chelmsford campus is home to more than 6,000 students from over 100 countries. We've recently invested £122m in our facilities, and the Purple Flag safety status of our city extends to our campus.

Health conscious

You're into your fitness and you like to keep active. ARU Chelmsford has a gym, tonnes of outdoor space, and fitness trails for walking and cycling that take you around campus to the countryside beyond.

anglia.ac.uk/sport

School of Medicine

Our exciting new facility opens in 2018 and will feature state-of-the-art skills labs, specialist teaching space, a lecture theatre, simulation rooms and an anatomy suite. This accompanies our SuperLab - an innovative teaching space that brings experiment and lecture closer together.

anglia.ac.uk/medicine

Artists impression

Head to our student venue for film screenings, karaoke or a couple of pints with mates.

Campus must-haves

Amenities include an on-site library, bar and venue, Students' Union shop, John Smith's bookshop, medical centre, gym and Employment Bureau.

Future financiers

Business school students can trade and invest like pros in our visionary Bloomberg Financial Market Lab. It features a 'ticker' displaying real worldwide share prices and portfolio manager.

anglia.ac.uk/bloomberg

Chelmsford Your accommodation

**Private
Renting**
[anglia.ac.uk/
privatesector](http://anglia.ac.uk/privatesector)

Our Student Village is just across the road from campus, making it easy for you to get to lectures on time, use the library and our facilities. We want you to feel safe and confident from the moment you arrive, which is why the Village has 24-hour security and dedicated areas to lock your bikes.

Riverside location

Right by the River Chelmer, our Student Village is a brilliant spot for quick access to both green spaces and the city centre. You can reach the heart of Chelmsford's shops, bars and nightlife in just ten minutes on foot. Being right on campus also means you can make the most of the gym and cycle trails whenever you want.

NHS accommodation

NHS accommodation is available for nursing and midwifery students, see page 70 for more details.

Student Village

- 510 single bedrooms
- Most rooms en-suite
- Internet access
- Utility bills included
- Shared kitchen
- Local shops
- Self-service launderette

Peterborough Your city

You love a city with an old town, but you want it to have a buzzing centre too. Peterborough is both modern and cosmopolitan, with the kind of heritage that gives it character. The city's goal is 'Creating the UK's Environment Capital', and regularly puts on events to promote a cleaner, greener and healthier place to live.

Gig lovers

The Embankment is a favourite student hangout, with loads of outdoor events like open air concerts and river festivals.

Leisure seekers

Take a swim at Peterborough Lido - a quirky local gem with three heated outdoor pools and space to sunbathe.

Craft beer experts

Look forward to a pint of something unusual at the Peterborough Beer Festival, the biggest undercover real ale event in the UK.

History geeks

The Peterborough Museum is also a good shout - this fascinating museum is housed in a former hospital with a reconstructed operating theatre.

Great Eastern Run

This is a major national sporting event. Take part or simply spectate with a picnic.

Peterborough Your campus

Based at Guild House, our Peterborough campus is a dedicated healthcare centre, housing our Adult Nursing and Social Work courses. You'll join a community of around 1,200 dedicated health and social care students, making this a friendly and focussed space where you can immerse yourself in the world of your course.

Want to know more about Peterborough?

Find campus and course information on our website.

[anglia.ac.uk/
peterborough](http://anglia.ac.uk/peterborough)

Skills lab

Our modern simulation facilities are designed to recreate a real hospital environment. Develop practical skills such as resuscitation and infection control on industry-standard equipment.

Elizabeth Raison
Adult Nursing

I enjoy studying at the Peterborough Campus as the staff are so supportive and the Nursing Clinical Skills Lab really enhances our learning."

Health library

Focussed health-related subjects with an extensive digital catalogue - the **Guild House Library** will give you access to all the resources you'll need during your time with us.

Taverners Hall (private)

If you're a student at University Centre Peterborough or Guild House, Taverners Hall provides purpose-built accommodation for your first year and beyond.

- En-suite bedrooms
- Laundry facilities
- Internet access
- Close to University Centre Peterborough

NHS accommodation

NHS accommodation is available for nursing and midwifery students, see page 70 for more details.

Private Renting

[anglia.ac.uk/
privatesector](http://anglia.ac.uk/privatesector)

Stay fit

We have over 30 sports clubs, from cricket and rugby to fencing and ultimate frisbee - all offering great coaching and many competing in British Universities Competitions.

You might want to keep playing the sport you love, or get involved with something new to take care of your health. Whatever the reason, we offer a huge range of activities on and off campus to help you stay fit and happy. Plus, it's a great way to meet new people, whether you're playing or spectating.

Sports Scholarships

If you compete at county, regional, or national level you could be eligible for an Anglia Ruskin Sport Scholarship. Along with individualised support services (including free gym access, free strengthening and conditioning, and free physio), you could receive financial contributions to help with performance sport related costs.

[anglia.ac.uk/
scholarships](http://anglia.ac.uk/scholarships)

See our sports highlights from the last year and find out how to join a club.
anglia.ac.uk/sport

Popular clubs

- American Football
- Judo
- Netball
- Rowing
- Rugby
- Squash
- Swimming
- Table Tennis
- Taekwondo
- Tennis
- Ultimate Frisbee

Accessibility

We're dedicated to ensuring that everyone has the opportunity to take part in sport and physical activity. Wherever possible, we make our activities accessible to all. Our wheelchair basketball sessions are a brilliant opportunity for everyone to try out this sport for the first time, or continue your practice under a qualified coach.

arU STUDENTS' UNION

University is a 360° experience. Beyond the lecture theatre, we create a world of social events, societies and volunteering projects to make your time at Anglia Ruskin fulfilling and memorable. From your first day to your graduation, the ARU Students' Union will be by your side, making sure your voice is heard and you can get the most out of your time with us.

Got a niche interest? Start your own club!

What's your thing?

- Airsoft
- Alternative Music
- Enterprise
- Anime and Manga
- Stand-up comedy
- Bible reading
- Boxing

The Social

You want an SU that's going to be there for you. From **Fresher's Week** onwards, we organise loads of **themed events** and chances to get together, from **fashion shows** and regular club nights to **International Week** and summer balls.

angliastudent.com/social

Volunteering

You can make a difference whilst developing your confidence by volunteering. Whether it's a one-off role or a longer-term commitment, it's a great way to have **new experiences** and connect with other passionate people. Plus, it looks great on your CV!

angliastudent.com/volunteering

Clubs and Societies

Our Students' Union supports over **120 different societies**, from course-specific groups to hobby clubs and special interest meetups. It's a great way to meet new people, build friendships and expand your horizons.

angliastudent.com/societies

Open Days

You've read dozens of prospectuses. And you have plenty of options that look good on paper. Now it's about finding the place that feels right. Our Open Days are the only way to truly decide if ARU is the university for you. Come explore our facilities, experience the campus buzz and meet the students and teachers who make our community special.

Your Open Day

Get your bearings

Kick off with a quick ARU overview and hear about everything there is to see and do on the day.

Meet our academics

Find out about the courses that interest you, and meet the people who teach them.

Attend a talk

Want to know more about finance, applications or career opportunities? Our talks cover all these topics and more.

Visit student accommodation

See our student residences and get a feel for where you could be living.

Check out the Students' Union

Find out about its many clubs, societies, events and support services.

Tour campus

We'll guide you around the landmarks and give you a chance to soak up the atmosphere around campus.

Say hi to our students

Chat with our Student Ambassadors and find out everything you want to know about life at ARU.

Talk to our staff

All of our teams, from Admissions and Student Finance to Library and Welfare, will be on hand to answer your questions.

Take a virtual tour

Can't wait until Open Day? Explore our Cambridge and Chelmsford campuses through our series of 360-degree videos and photographs.

anglia.ac.uk/virtualopenday

Book your place now

Reserve your place at our Cambridge, Chelmsford or Peterborough Open Days.

anglia.ac.uk/opendays

Flexible learning

You've got individual needs, and for the strongest chance of success, you'll need a course that works for you. We offer full-time, part-time and distance learning degrees at our three main campuses, as well as a number of partner institutions. Depending on the course, you may start in January or September.

Degree Apprenticeships

Degree apprenticeships are ideal if you're a school leaver looking for an alternative to full-time university education, and you'll **achieve a degree alongside real work experience**. You'll be paid throughout and there are no tuition fees as these are paid by your employer and the Government.

[anglia.ac.uk/
degreeapprenticeships](http://anglia.ac.uk/dgreeapprenticeships)

Part-time study

Going part-time gives you the opportunity to **fit your studies around your other commitments**. Plus, you'll still enjoy access to all of the help, support and facilities that full-time students receive. Our online resources and 24-hour library mean that **whatever your preferred time to study**, you'll be able to access the materials you need.

anglia.ac.uk/part-time

Foundation degrees

If you're unsure about taking a full degree or you want to study while you work, a foundation degree is a good choice. You can gain professional and technical skills to further your career **within a shorter time frame**. A foundation degree is usually two years full-time, often with the option to continue for a further year to gain a full honours degree.

anglia.ac.uk/foundation

Accredited and approved courses ▲

You need to know that your course will open doors for you. **Where you see this symbol ▲, it means the course is approved or accredited by industry**, showing the quality and relevance of our teaching and the skills and knowledge you'll gain.

Placement courses ○

You'll want a jump-start in your career. **A number of our courses offer a placement year in industry**, drawing on our strong links with both local businesses and international brands. You can gain the practical experience that will enhance your qualifications, making you a strong candidate for the job when you leave. Look for this symbol ○ next to the course name on the subject pages.

Allied Health

You want to make a real difference to people's wellbeing. You're driven to tackle the health problems of our time. By working with the NHS and other healthcare providers, we make sure you gain the real-life skills and exposure you need for a fulfilling career in medical practice and research.

Your future

- Healthcare Manager
- Health Promotion
- Healthcare Scientist
- Operating Department Practitioner
- Paramedic
- Public Health Practitioner

My ARU story:

Simon Dady,
Course Leader

"We teach you to preserve life, prevent further injury and promote recovery. In short, we take you from being a pedestrian to a paramedic."

anglia.ac.uk/videos

Check out our online taster for Healthcare Science

[anglia.ac.uk/
HCSonline](http://anglia.ac.uk/HCSonline)

You're humanitarian

Your values shape how you live your life.

As a student within our Faculty of Medical Science, you'll spend a significant amount of time outside the University, engaging in supervised and supported practice. This is how you'll start getting the **real-world experience** you crave.

You're visionary

You're thinking about your future.

You know you want to help people, and you're ready to start learning the skills that will make this possible. Alongside placements, you'll learn in our **extensive purpose built clinical facilities**, including simulated skills labs and mock operating theatres.

You're responsible

People trust you to do things - and do them properly.

We'll develop these qualities and prepare you for professional challenges. **Many of our courses are accredited**, meaning you are eligible to register as a clinical professional when you graduate.

○ Placement course or placement year option

Animal and Environmental Sciences

You care deeply about the natural world, and know that you have the strength and compassion to help shape its future in a positive way. At ARU, we will nurture your potential, preparing you for challenging careers in areas like conservation or marine biology.

Your future

- Animal Behaviourist
- Biologist
- Biology Teacher
- Conservationist
- Education Officer
- Environmental Consultant
- Lab Technician
- Researcher
- Veterinary Nurse
- Wildlife Medic
- Zookeeper
- Zoologist

All of our undergraduate courses based at our Cambridge campus are recognised by the Society of Biology

You're devoted

You're not afraid of hard work because you know what's at stake with animals and their environment.

With a fantastic selection of international and UK field trips, our hands-on courses will also give you plenty of additional opportunities to volunteer as well as take a one-year work placement.

You're patient

You know that these skills take time to build.

Beyond the theory, this means growing to understand the behaviour of living creatures. Our courses are shaped by our **diverse research projects**, so you can expect a challenging and relevant experience that matches your curious nature.

You're collaborative

You work well in a team and you learn from your peers.

Our practical courses take place in both the lab and the field. Working together, you'll develop an **understanding of habitat conservation**, and build important relationships with others in the industry.

Cambridge is a hub for wildlife conservation, with Fauna and Flora International, Birdlife International, IUCN, and the World Conservation Monitoring Centre based here. You'll have opportunities to attend lectures in the city and visit specialist museums and libraries.

Learn more about BSc (Hons) Zoology

"I really enjoy the practical side of this course. The work experience opportunities that you're given are a really great way of understanding what you'll need to do the field of work you're going into because it's so hands on."

anglia.ac.uk/videos

Architecture, Building and Construction

You dream big. And you know that big dreams take many hands to bring to life. Our courses are designed for visionary individuals, ready to learn the broad skillsets required by the industry. You want to leave your mark on the landscape - we offer the experience and exposure needed to make it.

Your future

Architect
Architectural Technologist
Building Surveyor
Civil Engineer
Construction, Project or Site Manager
Contract Manager
Project Engineer
Quantity Surveyor
Structural Engineer

Get hands-on experience of onsite building at our 'Constructionarium' week, led by industry professionals.

 **My ARU story:**
Izunna Dike,
Architecture

"People think architecture is quite simple, it's just a bunch of lines. I find that really funny, because architecture's a lot more challenging. It's about art, it's about creativity, it's about technology, it has some science. It's so much."

anglia.ac.uk/videos

Your next steps

Quantity Surveying BSc (Hons)	▲ ○	Full-time, Part-time	Chelmsford

Our courses are accredited by relevant bodies including ARB, CIAT, RICS and JBM.

You're collaborative

You're ready to make connections that will help start your career.

This is why we guide you toward the right work experience, and support you on the journey. You'll also have the option of a **sandwich-year placement** to gain some real industry exposure.

You're a problem solver

You like finding clever solutions to a challenge.

Our courses will develop these essential skills, covering things like building surveying, sustainable development and project management. As your knowledge grows so will your confidence, enhancing your ability to **pitch your ideas and negotiate**.

You've got a plan

You understand that this industry has standards.

We work closely with our construction partners, which means our courses are of the highest quality. **Many of our undergraduate degrees are accredited**, so your skills will be up-to-date and desirable to employers when you graduate.

Art and Design

You interpret the world in new ways. You pour yourself and your experiences into your work. You want an environment to help you grow as an artist. We offer the inspiring surroundings of our Cambridge School of Art. Our academic community will challenge and nurture your talent through studio, workshop and classroom based experimentation.

Your future

- Animator
- Composer
- Concept Artist
- Graphic Artist
- Medical Illustrator
- Online Content Manager
- Photographer
- Prop Maker
- Storyboard Artist
- Technical Pattern Cutter
- UX Designer
- Virtual Habitat Designer

Inspiring
Creativity since
1858

My ARU story:
Billie Lloyd-Jones,
Interior Design

"I chose Anglia Ruskin mainly for the Cambridge School of Art. It's a close facility, especially with the exhibitions they hold. You're never just on your own, all the courses intertwine and link, it's a nice family environment."

anglia.ac.uk/videos

You're inspired

You've got an idea about your future.
You can see your talent taking you further.

The Creative Industries in the UK are booming and you want to be a part of it. We know that you need **solid experience in a collaborative environment** to prepare you for the real world.

You're practical

You want to develop transferable skills including creative thinking and collaboration.

Our expert staff are well-connected with industry, both in Cambridge and beyond. You'll get the exposure you need to professional practice, and **gain real experience of live briefs, partnerships, specialist workshops and regular masterclasses**.

You're devoted

You're ready to invest your energy into a degree that can kick-off your career.

We offer the right environment. Our art studios, designed to maximise light, offer **dedicated workspaces for different courses**. Think 3D workshops for wood and metal work, plastic forming, laser cutting and clay moulding, as well as fashion workshops for embroidery and finishing.

We host nationwide specialist events, including Brains Eden, a gaming event and Wired, our programme of film and TV events. Both give you great opportunities for networking.

Our Computer Games Art BA (Hons) is accredited by TIGA - the network for games developers and digital publishers and the trade association representing the video games industry.

My ARU story:
Zahra Fontenelle,
Graphic Design

"Best thing about my subject is that they give you a lot of opportunities to come off the Macs. I like getting my hands dirty, so we have a letter press room and loads of print rooms. It's really good to experiment."

anglia.ac.uk/videos

1st in the UK

Our Fashion Design course is ranked joint 1st in the UK for satisfaction with teaching. (Guardian University Guide 2017).

The Ruskin Gallery, provides you with the opportunity to showcase your work and draw inspiration from the work of others. It's also open to the public, so will expose you to the life of a working art gallery.

Your next steps

Business

You have a highly active mind and see opportunity everywhere. Now you need life-changing skills and theory, to sharpen your potential approach to management. ARU will match your ambition - our goal is to produce graduates who can turn ideas into action and impact the competitive world of business.

Your future

- Business Analyst
- Business Consultant
- Business Leader
- Business Manager
- Data Analyst
- Entrepreneur
- Events Manager
- Events Planner
- HR Manager
- International Leisure
- Leisure promotion
- Logistics Manager
- Marketing Director
- Risk Planner
- Sales Director
- Senior Management

Develop your talent from the outset and build your CV with our Intern Programme.

anglia.ac.uk/intern-programme

My ARU story:
Rosita Sutkaityte,
Marketing

"You can find your inspiration and create new businesses with crazy ideas. Find people who think the same, and develop it. I think ARU is really good for people who like business."

anglia.ac.uk/videos

You're bold

You crave the experience to start making complex decisions. To equip you with the varied skillset you'll need, **our courses are recognised by the professional bodies** that shape the industry. This includes the Chartered Management Institute, Chartered Institute of Personnel and Development, and the Chartered Institute of Marketing.

You're global

You want qualifications that will enable you to go far. Our courses are run by current practitioners, so you'll have direct access to ideas about globalisation, sustainability and social change. We stand out because our courses are **rooted in sound academic theory** and solid management practice.

You're intuitive

You know when to go with your gut. You're keen to start getting involved and growing your network. We offer placement years, where you can build **invaluable industry experience** into your course. Our partners include global brands like Barclays, UPS and Willmott Dixon.

**Winners of the 2016
Duke of York Award
for Entrepreneurship
(Lloyds Bank National
Business Awards).**

Destination for business

We will support you in your **business ambitions**. The Anglia Ruskin Enterprise Academy (AREA) develops, coordinates and supports all enterprise and entrepreneurial extra-curricular activities across all campuses.

Our students come from all over the world and you will benefit from this global business perspective. We teach using Active Learning methods to increase confidence, collaborative working, communication and presentation skills. **We have a head full of ambition, but are rooted in the real world**, working with business daily to create an authentic and valuable experience, that you can be part of..

The Big Pitch

You're innovative and you want to get your ideas out there. The Big Pitch is our ambitious competition, open to all undergraduate and postgraduate students at Anglia Ruskin.

We want to find passionate entrepreneurs with exciting, imaginative business ideas. You could get the chance to pitch for the money and support you need to make it happen.

Your next steps

Computing and Digital Technology

You know there's no limit to what technology can achieve - and you want to be out there making the future happen. At ARU, you'll learn in our coding and Cisco laboratories and computer suites, building a portfolio of projects based on real-life scenarios. Get ready to make your mark on the tech world.

Your future

- App Designer
- Cyber Security Analyst
- Data Engineer
- Front End Developer
- Infrastructure Project Manager
- Electronic Engineer
- Network Engineer
- Programmer
- Software Developer
- Sound / Recording Engineer
- Web Developer

You're driven

We're based in the heart of Cambridge's 'Silicon Fen' – home to Microsoft, ARM and exciting gaming and tech start-ups. Be part of this thriving scene throughout your studies and get a taste of life at the forefront of technological innovation.

You're inventive

You want to know more about the codes and algorithms that shape our world, and learn how to build new tools that improve people's lives.

Our lecturers are leading experts in their field - and they have the industry know-how to help you turn your ideas into reality.

You're the future

Your skills are already sought-after in today's job market.

We'll help you develop them into **specialist knowledge** that'll make you stand out to leading tech companies. Our courses are designed in collaboration with employers, and offer work placement opportunities in industry, so you'll graduate with everything you need to get ahead.

Our courses are accredited by relevant bodies including BCS, IET and JAMES.

My ARU story:
Hazel Cook,
Computer Science

"From the beginning of my degree I put myself out there and did various work placements. It basically set me up for work life."

 **My ARU story:**
Lucie Hamilton,
Early Childhood Studies

"The most interesting thing I've learnt so far is how children work. You might perceive children to be naughty if they're running around and not listening. But now I know that the child is learning spatial awareness, risk control, how their body works and how it feels to jump in the air."

We work in partnership with local schools to design our courses, so that you leave with the skills you'll need to be an educator of the future.

You're passionate

You believe that with the right guidance, everyone can get a strong start in life.

At ARU, you'll gain an in-depth understanding of learning at all stages of life. Then you'll build on your skills through exciting placement or volunteering opportunities and field days.

You're curious

You want to understand how different perspectives on education impact the system.

Our courses are taught by internationally recognised tutors, so you'll focus on the latest knowledge and evidence in your field.

You're reflective

You know that working with people is a skill.

You need practical experience with time to develop your own technique. Our holistic approach means you'll explore learning both in and out of the classroom, preparing you for a wide range of education careers.

Engineering

You're curious about the way things work - from gadgets to engines, motorways to skyscrapers. Our graduates are highly sought after in a range of typical engineering careers. And by developing high-level numerical and problem-solving skills, you'll open doors to employment in diverse sectors like finance, education and manufacturing.

Your future

Civil Engineer
Electronic Engineer
Manufacturing Manager
Mechanical Engineer
Medical Device Design Engineer
Product Design and Development
Project Manager

You're driven

You know that the potential of this subject is limitless.

So keep it broad or specialise - many of our engineering courses are accredited and reflect the needs of industry. This is how you'll stand out to employers and build up to Chartered Engineer status.

You're curious

You see the world in a unique way.

You want to know more about the structures and machines around you. At ARU, you'll increase your awareness of pressing environmental issues like overpopulation, health and climate change, and see how these impact what and how we engineer.

You're a problem solver

You see challenges everywhere, and enjoy the process of coming up with solutions in a work based environment.

Develop these critical skills by tackling real industry problems as part of a one year work placement. You'll also gain experience with our cutting-edge workshops, laboratories and industry software.

Courses accredited by JBM, IET, IMechE or leading to IEng status.

My ARU story:
Mohit Nahir,
Mechanical Engineering

"What surprised me most about ARU was the facilities, the workshops. They have all the equipment used in industry, so I get to have hands-on experience, which has helped me a lot."

Finance

You've got a head for figures. You know that numbers make the world go round - and you want to be part of the action. Designed and delivered by the Lord Ashcroft International Business School, our courses will give you the skills and knowledge you need to have a successful career in this fast-paced industry.

Your future

- Accountant
- Business Analyst
- Business Consultant
- Business Leader
- Data Analyst
- Entrepreneur
- Finance Director
- Project Manager

You're sharp

You've got a skill for quick analysis and confident decision making.

At ARU, you'll have access to our Bloomberg Financial Markets Lab. **Trade and invest virtual money** using the world's leading platform for global financial news, data and analytics - and get a feel for life as a city trader.

You're rational

Your degree is an investment. You want a professional edge - and practical skills you can apply straight to the workplace.

We run regular seminars with professional practitioners and consultants. **You'll stay up-to-date with the latest strategies** and graduate ready to impress at those first job interviews.

You're ready

Data makes sense to you.

You know that huge shifts in the global economy mean demand is high for financial and accounting professionals. Our BSc (Hons) Accounting and Finance is **recognised by the Association of Chartered Certified Accountants (ACCA)**, so you'll be exempted from the 9 Foundation papers of the ACCA qualification.

Bloomberg

We're helping to develop the next generation of business practitioners and thinkers. Our Bloomberg Financial Markets Lab in Chelmsford is a bespoke financial trading platform. Enhance your professional development and employability by virtually trading with live financial information on global stock exchanges, as well as gaining Bloomberg Markets Concept certification for free.

Humanities and Social Sciences

You want to deepen your understanding of society's big issues, and find out how history has shaped the way we live. Your informed interest in global issues can lead to a range of impactful careers. From teaching to politics, public services to advisory roles - our courses prepare you for challenging roles that tackle some of our most profound social challenges.

Your future

- Community Worker
- Counsellor
- Data Analyst
- Digital Content Creator
- Diplomatic Service Officer
- Equality Officer
- Family Support Worker
- Genealogist
- Heritage Manager
- International Aid Worker
- Local Government Worker
- Policy Advisor

You're critical

You enjoy discussing new ideas about current affairs.

Our courses are designed to develop your skills of analysis and communication. **You'll debate issues around politics, culture and society**, and develop your thinking to become a more rigorous and systematic writer.

You're bold

You're not afraid to state your opinion.

You want to understand what's happening now, and how you can make change. At ARU, you'll be **supported by leading practitioners**, so you'll always have access to the latest theoretical and practical knowledge, plus a wealth of invaluable career advice.

You're perceptive

You can read between the lines.

You've developed your own particular interests and at ARU, we encourage you to specialise in them. From selecting modules and extra-curricular talks to producing your final year project, **you'll be shaping your own approach from day one**.

You're broad-minded

You know that everyone sees the world differently.

You find inspiration in this diversity. Cambridge is a renowned hub of creativity and culture, literacy and language-learning. This means you'll be able to access a wealth of opportunities both during study and after graduation.

You're creative

You're switched onto the flow of ideas between art and culture. You love to find connections between them.

We bring fresh approaches to our courses with guest speakers and offer insight and opportunities through festivals, conferences and productions.

You're clear-thinking

You can communicate ideas in a compelling way.

You like to immerse yourself in the worlds that your favourite writers, directors and photographers create. Our passionate tutors can take your insight to the next level. Our courses are designed to prepare you for jobs of the future with specialist modules, work experience and study abroad opportunities.

Law, Crime and Investigation

You're not afraid to stand up for what's right. You use logic and reason to solve problems. And you want to use these skills to have a positive impact on society. We offer a wide range of degrees, so whether you're fascinated by criminal psychology or feel more at home in the lab or the courtroom, we have the perfect course for you.

Your future

- Barrister
- Computer Forensic Analyst
- Crime Scene Investigator
- Cyber Security Consultant
- Forensic Scientist
- Immigration Officer
- Lawyer
- Paralegal Solicitor
- Regulatory Lawyer
- Solicitor
- Victim Care Officer

You're measured

You take a rational approach and don't jump to conclusions. Our lecturers are made up of academics and practitioners from legal and forensic fields, so you'll be able to debate and test the latest theories with **experienced professionals**.

You're brave

You want to make a difference, but you know this takes real-life experience and understanding.

We offer **support to find placements** so you can start getting a feel for the emotional and ethical demands of the job before you've even graduated. Our new Law Clinic is just the place to **gain experience working with the public** during your degree.

You're meticulous

You notice the little things that other people don't. We've invested in **high-tech Forensic, Crime Scene facilities and Psychology labs** in our new Science Centre, so you'll be able to put your theories to the test and make the small pieces influence the bigger picture.

100%

Our Forensic Science students are 100% satisfied with their course (National Student Survey 2017).

Medicine

You're ready to commit to a journey that could see you practising modern medicine into the next half of the 21st century. Our brand new School of Medicine will train doctors for the future, using innovative technologies to tackle existing and emerging health priorities. This contemporary facility builds on our 20-year history as the largest provider of nursing, midwifery and allied health courses in the East of England.

* This programme is subject to Higher Education Funding Council for England funded places and the successful progression of the MBChB course through the General Medical Council's rigorous quality assurance programme.

You're dedicated

You're prepared for a demanding career in the NHS. Our Bachelor of Medicine, Bachelor of Surgery (MBChB) 5-year degree programme is full time and leads to a Primary Medical Qualification. When you graduate, you can provisionally register with the General Medical Council (GMC).*

You're ambitious

You want to be part of a forward-thinking institution. At ARU you'll be given a robust foundation in the clinical sciences combined with **clinical experience, leadership, innovation and technology** for health. Our modern curriculum means your placements in primary and secondary care will begin in the early months of your course.

You're passionate

You want the skills to provide high quality healthcare to people.

Our approach to teaching medicine is student and community centred, with a **strong science base and excellent clinical opportunities**. Our purpose built School of Medicine, based on our Chelmsford campus is the first to open in Essex. We are proud to help address the urgent need for more doctors and healthcare professionals in the region and the UK in general.

The School of Medicine boasts outstanding facilities, including an anatomy suite, GP consulting rooms and a skills lab.

Professor John Kinnear,
Head of the School
of Medicine

"Our facilities are world class, and our teaching faculty includes many experienced consultants and GPs who practise in Essex."

Music and Performing Arts

You were born to perform. You want to create work that moves and inspires others. And you want to know there's a future for you in it. We've nurtured strong links with industry, so you can do work placements at studios, theatres or production companies - and start building a standout CV while you study.

Your future

Actor
Choreographer
Events Manager
Film Composer
Music Therapist
Recording Engineer
Sound Designer
Theatre Artistic Director
Video Games Music Composer

You're talented

You know what you're good at and you know how to shine. But you also understand you've got so much to learn. We hold regular **masterclasses and workshops** with visiting artists and performers, so you can hone your technique with people who do it for a living.

You're creative

You have ideas and you want to put them into practice. We've invested over £81 million in cutting-edge facilities over the last five years. Collaborate with fellow students and lecturers in our on-site theatre and television studios, and bring those ideas to life.

You're focussed

You have a passion for performance. And you want to make a successful career from it. Our lecturers are research-active academics and practitioners in their field - so you'll always stay up-to-date with the **latest theories and practice**.

"Cambridge is amazing if you want to do the arts. I've been given the opportunity this year to direct and produce a cabaret. ARU is a really amazing university to be at, it opened up so many more doors than I expected."

Nursing and Midwifery

You want to improve people's lives. We've spent 25 years training people like you to do just that. We know real-life healthcare doesn't happen in a classroom, so we work closely with the NHS to make your learning as authentic as possible.

Your future

District Nurse
Health Visitor
Midwife
Nurse

You're caring

You're warm-hearted and you want the best for other people. We'll nurture those natural qualities. And we'll give you the **skills and support** you need to grow into an effective, compassionate healthcare professional.

You're determined

Challenges bring out the best in you. And you're driven to do the right thing.

We'll help you develop these talents in **realistic simulations and on placements**, where they can make a real difference.

You're career-focussed

A long and rewarding career in healthcare - that's your goal. Our Nursing and Midwifery courses are approved and **validated by the Nursing and Midwifery Council**, you can be sure that a degree from ARU will be valued by your future employers.

Accommodation for placement students

If your course includes a hospital placement, and you're studying nursing or midwifery, you have the option to live in NHS accommodation.

- Social Worker

You're curious

You enjoy getting into the science behind everyday human emotion and behaviour.

Our expert staff have experience in a range of fields and can help you develop and hone your exploratory nature. We also offer extra-curricular seminars, featuring **specialist guest academics and researchers**.

You're analytical

You have a balanced approach to decision making.

Start your own lines of investigation and take advantage of access to our **course-specific facilities**. These include specialist laboratories for measuring electrical activity in the brain, eye tracking, human tissue analysis, psychometrics, psychoneuroimmunology and consumer reactions.

You're open-minded

You're ready to be engaged and inspired by new experiences. Whether you're interested in pure psychology, clinical and abnormal psychology, or prefer to gain expertise in criminology alongside psychology, you'll benefit from the **knowledge of expert staff**, actively engaged in exciting research projects.

Explore our Psychology labs

Sciences, Nutrition and Pharmaceutical

You've got a scientific mind and you get a buzz from solving complex problems. Our medical science courses and facilities will develop your natural skills with research and laboratory experimentation. Our strong links with industry will put you on a path to a fulfilling career in this rapidly expanding sector.

Your future

- Biomedical Scientist
- Clinical research
- Clinical Trial Leader
- Forensic Scientist
- Health Promoter
- Lab Technician
- Marketing roles
- Medical Technologist
- Nutritionist
- Pharmaceutical Scientist
- Research Scientist

"The best part is when you go into the lab and do things you've only read about before. Suddenly you're standing there doing them yourself. You feel like you're in a proper working environment already."

anglia.ac.uk/videos

Our Biomedical Science degree is accredited by the Institute of Biomedical Science (IBMS).

You're pioneering

You want to make an impact on people's health.

At ARU you'll learn how diseases are detected, prevented and cured. And you'll gain industry-relevant skills to set you towards a rewarding career, thanks to our cooperation with medical professionals, NHS consultants and clinicians.

You're curious

You believe that every problem has a solution.

Our new Science Centre in Cambridge features a 220-seat lab and a 300-seat lecture hall adapted for science. And our £3.4m SuperLabs in Chelmsford offer you a new way of performing practical sessions and experiments.

You're determined

You want the skills and contacts to launch a successful career in medical research.

We have strong links with NHS hospitals and related industries across the East of England, allowing us to keep our teaching current and connect you with potential employers.

Social Work and Social Policy

You want to help people - it's who you are. But you know that improving people's lives in the long run takes professional training and real-world experience. As one of the largest providers of social work and social policy courses in the East of England, we'll give you everything you need to start helping others for a living.

Your future

Community Worker
Family Support Worker
Local Government Worker
Policy Advisor
Equalities Officer
Social Worker

You're kind-hearted

You care. And you want a career that reflects this.

Our links with national and international care organisations mean we develop our courses with industry specialists. You'll have access to the **latest research, data and practices** in the sector, giving your compassion a professional focus.

You're committed

You know it's not always going to be easy, but you're willing to do what it takes.

At ARU, you'll do **two practice placements** during your degree, so you can really get to grips with the legal, emotional and ethical demands of the job.

You're professional

You know there is a right way of getting the qualifications you need. And we know what you'll need to get started.

Our Social Work degree allows you to **register with the Health and Care Professions Council** as a social worker after graduation.

100%

of Social Work students in work or further study six months after graduating

Sport and Exercise Sciences

You're active

You want to make a rewarding career out of your passion.

Our courses give you the chance to experience and coach in different sporting situations and test human performance. You'll develop your talents, gaining industry-relevant knowledge through an optional placement year, and skills in an applied setting.

You're ambitious

You know that success is a long game.

Develop your skills and understanding in a range of disciplines using our specialised equipment. **Take advantage of our purpose built, BASES accredited laboratories** in Cambridge. You'll be taught by experts relevant to your field, so you'll learn what it takes to succeed by those that have done it.

You're the future

You want to learn to use your skills to inspire others.

Our courses are designed in collaboration with industry experts, so you'll graduate with everything you need to **stand out to future employers** or to progress on to further postgraduate study.

Vision and Hearing Sciences

You're bright and inspired by the science around how we see and hear. At ARU, you'll develop your attentive nature to satisfy today's employers, and embark on the journey to professional registration. You'll gain invaluable hands-on experience in our University Eye Clinic and benefit from our world-leading research.

Your future

Dispensing Optician
Contact Lens Optician (with further training)
Eye Clinic Practice Manager
Hearing Aid Audiologist
Optometrist
Researcher

You're enthusiastic

You want the chance to experiment with real-world technology like a professional.

We're one of the few universities in the UK to have our own eye clinic, which boasts **16 fully-equipped optometric consulting rooms** including specialist facilities in contact lenses, low vision and visual stress as well as paediatric optometry.

You're focussed

You know what it takes to work in your field.

We have one of the **highest employability rates** in the higher education sector, and recent graduates have taken up employment with Boots Opticians, Specsavers, Vision Express, Optical Express, Tesco and independent practices.

You're conscientious

You want a course that connects you with professional bodies.

We're a **founding member** of the European Academy of Optometry and Optics (EAOO).

My ARU story:
Joanna Ramani,
Optometry

"The most surprising thing about my degree is that it also helps you build that one-on-one patient interaction as well. Anglia Ruskin prepares you for that in second year, while other universities wait until the third."

anglia.ac.uk/videos

Our courses in Optometry and Ophthalmic Dispensing are all regulated and fully approved by the General Optical Council.

Entry requirements

You want to join a university that's right for you. We have a long tradition of welcoming students from all backgrounds and with a range of qualifications. We'll know how to support you throughout your studies, to give you the best chance of reaching your full potential.

Standard entry requirements

For an undergraduate degree course we typically ask for at least three GCSEs and two GCE A Levels A-C grade.

We also accept a range of different qualifications including BTECs, Access to HE, Cambridge Pre-U and the International Baccalaureate.

Subject requirements

Each of our courses then has a UCAS tariff point requirement. For specific tariff points and entry requirements for your chosen course, including any extra requirements including interviews or portfolios, head online to our course pages.

anglia.ac.uk/ug

Applying with experience

If you're unable to meet our course entry requirements - but can demonstrate that you have the required skills, knowledge or experience, and would benefit from studying the course - we will consider your application. Contact us at answers@anglia.ac.uk

Cambridge Ruskin International College

Cambridge Ruskin International College (CRIC) could be the perfect option for you if you don't meet our standard entry criteria. CRIC offers a wide range of pathways onto Anglia Ruskin degree courses. Depending on your qualifications (GCSE or A level equivalent) you'll enrol onto either a University Foundation or the first year of a degree course. Following completion of your CRIC pathway you'll be able to access the second and final years of the degree course directly through ARU. CRIC is based on Anglia Ruskin's Cambridge campus and you'll have access to all of the same facilities as other ARU students.

cric.navitas.com

Already studied in higher education?

You may be eligible to transfer past education credits towards your qualification with us.

anglia.ac.uk/apl

International students

If you're applying from outside of the UK and EU, you can check that your qualifications meet our entry requirements at anglia.ac.uk/internationaladmissions

Students from outside the UK will need to demonstrate English language proficiency. You can find information about our own proficiency test online. anglia.ac.uk/internationaladmissions

UCAS tariff table

Use the table below to see what your predicted grades equate to in UCAS points. Then you can work out the grades you'll need to meet our entry requirements.

A Level	
Grade	Tariff

Scholarships and student finance

You want your figures straight before you take the next step. We've gathered the key facts about fees and funding to help you start the decision-making process. You can find everything else you need at anglia.ac.uk/finance

Scholarships

We are offering an exciting range of bursaries and scholarships for students starting in 2019. Visit our website for the latest information.

anglia.ac.uk/scholarships

Loans and financial support

Tuition fee loans

You don't have to pay for your course upfront.

If you're from the UK or EU and you're applying to university for the first time, you can apply for a government loan to pay your tuition fees. Visit the Student Finance England website gov.uk/student-finance

If you're an EU student, we recommend that you also research the financial support options available from your home country.

Maintenance loans

You can apply for a government loan to help with living costs such as food, travel and accommodation, though the amount of bursary or loan you receive depends on your personal circumstances.

If your household income is £25,000 or less, you'll be eligible for a non-repayable £200 cash bursary from ARU to help support your studies (pro-rata for part-time students). For more details, visit anglia.ac.uk/livingcosts

Other support

If you get funding from Student Finance England, you may be able to apply for additional grants and allowances, some of which are income assessed. To find out more about funding and grants, including how to apply and repay, visit practitioners.slc.co.uk

Full-time UK and EU undergraduate fees 2018-2019

We set our tuition fees annually for UK and EU undergraduate students in line with the UK government cap. Our undergraduate fees for 2019-2020 have yet to be confirmed, but as a guide, in January 2018 the fees for a course leading to a degree were £9,250 a year.

Part-time students

You can apply for a tuition fee loan if you're studying more than a quarter of a full-time course each year (25% intensity). Your tuition fee is related to the intensity of your course e.g. If you study at 50% intensity you will pay half of the full-time tuition fee each year, but your course will last twice as long.

International tuition fees and scholarships

Read more about international fees, University scholarships and other ways of funding your course on our website.

anglia.ac.uk/international/fees

Student support

You want university to be the time of your life. We'll help you make the most of your experience and develop the skills to thrive beyond graduation. Whether you need study skills coaching, career advice or help managing your money, our Student Services Team is here to support you.

Counselling and wellbeing

The Counselling and Wellbeing Service is available to all students at Anglia Ruskin, and offers a free and confidential service to promote mental health and wellbeing. There are also online support programmes to guide you if you experience stress or anxiety at any time.

Personal tutors

You'll be allocated a personal tutor at the start of your course - they are your **first point of contact for questions about your studies**. Regular sessions mean your tutor will be up-to-date on your progress and able to offer insightful guidance to help you reach your full potential.

Advice centres

We want to make your experience as stress-free as possible. Each ARU campus has an iCentre, where our friendly teams are on-hand to help with all aspects of student life. From travel advice to results, hand-ins to ID cards, you'll always get informed and user-friendly advice.

Faculty student advisers

Your student adviser offers specialist advice about navigating your subject area, and can help you to choose modules where applicable. They'll guide you through our academic rules and regulations, so you can feel confident from your very first day with us.

Our partners and associate colleges

You want your university to understand your subject area, and provide the right facilities to help you get the most out of your courses. Our academic community is strong because we know how to create the right environments for success.

ARU London

You want to be immersed in a fast-paced business community. ARU London is a partner institution based in the heart of East London. You'll gain an ARU-validated degree while studying in the exciting surroundings of our capital city alongside more than 2,000 students from all over the world.

You can study business in one of the world's major financial hubs.

London will provide you with the exciting environment you're after, with the academic knowledge and expertise you need to make it happen. Classes are timetabled to give you the

chance to undertake part-time work that will be valuable to your future career.

You want the true university experience. ARU London has six floors of outstanding facilities, including high-tech lecture theatres, seminar rooms and study areas that really bring learning to life. Social spaces include a common room and games room, but there's a wealth of clubs, bars, restaurants and cafés surrounding the campus for you to meet with fellow students and friends.

University Centre Peterborough (UCP)

UCP is a £10m facility, created in 2008 as a joint venture with Peterborough Regional College. Around 800 students study more than 25 different courses validated by us at UCP. If you're interested in accounting, archaeology, computing, construction, engineering, journalism, media, sociology or sports coaching, Peterborough could be a good option for you.

ucp.ac.uk

Our partner colleges in King's Lynn and Peterborough offer a university experience on a local scale for a range of specialist degrees.

University Centre West Anglia

Our partnership with the College of West Anglia lets you study ARU validated degree courses in King's Lynn and Milton near Cambridge, as part of University Centre West Anglia. These campuses provide specialist communities for students of bioscience, business studies, childhood studies, computing, history and English, psychosocial studies, travel and tourism and veterinary nursing.

Should you become a student of Anglia Ruskin University, you will receive additional documents detailing the teaching, examination, assessment, and other education services offered by Anglia Ruskin University. In particular, you will be invited to be bound by the Rules, Regulations and Procedures for Students, a copy of which can be obtained from the Secretary and Clerks Office or at

anglia.ac.uk/keydocuments

Before you apply to Anglia Ruskin University

Anglia Ruskin University endeavours to take all reasonable steps to provide the education services in the manner set out in this prospectus and in those additional documents. It does not, however, guarantee the provision of such services. Should industrial action or other events beyond the control of Anglia Ruskin University interfere with its ability to provide education services, Anglia Ruskin University undertakes to use all reasonable endeavours to minimise the resulting disruption to those services.

Should you become a student at Anglia Ruskin University, an offer letter will be sent to you and this shall constitute a term of any contract between you and Anglia Ruskin University. Any offer of a place made to you by Anglia Ruskin University is made on the basis that in accepting such an offer you freely provide your consent and agreement to abide by the Rules, Regulations and Procedures for Students as a term of any such contract. All course information in this prospectus is correct at time of going to print. Considerable care has been taken in the preparation of this prospectus to ensure its accuracy at the time of going to press.

If, however, you feel that it is inaccurate or misleading, you should write, stating the detail of your complaint, to: The Secretary and Clerk to the University, Anglia Ruskin University, Bishop Hall Lane, Chelmsford, Essex CM1 1SQ.

Printed on Galerie Art Silk. The paper is independently certified according to the rules of the Forestry Stewardship Council® (FSC®). The manufacturing mill holds the ISO 14001 environmental certification and the EU Eco-label (EMAS).
