WELCOME TO A TRULY GLOBAL POINT OF VIEW

This prospectus is your guide to the University of Surrey International Study Centre. The Centre offers on-campus foundation and Pre-Masters programmes designed to prepare you for successful degree study at the University of Surrey.

We work hard to make sure that your experience studying in the UK is the best it can possibly be. From day one, you will be part of the University and have access to all the world-class facilities Surrey has to offer. With Surrey's outstanding reputation for student satisfaction, you can be confident that a wonderful undergraduate experience awaits.

Greetings from the University of Surrey – one of the top universities in the UK with a rising global reputation. Thank you for considering Surrey as the next destination on your journey to an exciting new chapter in your life.

Studying at Surrey will unlock the potential to achieve your ambitions. It will equip you with the knowledge, skills and confidence for academic and personal success.

Located in historic and beautiful Guildford, and close to London, our campus offers a safe, friendly and vibrant environment with excellent facilities for all levels of study.

To help you settle in, we run a comprehensive induction week, with an international orientation programme a few days earlier.

Whichever path you take after graduation, your education at Surrey promises to transform your life.

Professor G Q Max Lu
President and Vice-Chancellor
University of Surrey

I'm honoured to welcome you to the University of Surrey International Study Centre. I hope you are excited and inspired by the wonderful journey ahead of you.

The University of Surrey offers international students like you unrivalled opportunities to pursue your passions, achieve your potential and prepare for future career success.

I wish you the very best of luck and look forward to meeting you as you embark on your studies.

Liz McMullan
Head of Centre
University of Surrey International Study Centre

WELCOME TO SURREY

The highly-ranked University of Surrey is based in Guildford, South East England. Surrounded by beautiful English countryside, the University is still within easy reach of London, one of the most exciting capital cities in the world.

Thanks to its quality teaching, world-leading research and high student satisfaction rate, Surrey ranks tenth in the UK in the *Guardian University Guide 2018*.

The University maintains its excellent reputation by providing an innovative learning environment where you can excel.

You will be inspired to work hard and think critically as you lay the foundations for a successful future and prepare to achieve wonderful things.

With international students from over 120 different countries making up 37 per cent of the student body, Surrey is proud to be one of the most culturally-diverse universities in the UK.

“ I chose Surrey because it's one of the best universities in the UK. Before I came here, I researched about student happiness and the University was top-ranked for happiness. Not only are they good in education, they also take care of their students.

I started at the International Study Centre in February, so it's nice that I can do this course and then enter university in September. Coming to the International Study Centre is like a fast-track to go to university. ”

Wasin from Thailand

Studied Business, Economics, Law and Social Sciences International Foundation Year

FANTASTIC LOCATION

The University's tranquil lakeside campus is located within sight of the lovely Surrey Hills, an Area of Outstanding Natural Beauty. You will live and study in green and peaceful surroundings, with the town of Guildford easily accessible and central London less than 40 minutes away by train.

The campus is a friendly, vibrant and safe place where you can make the most of student life. At the Students' Union and throughout the campus you will find a range of places to eat, relax and socialise with your friends.

State-of-the-art facilities on campus include Surrey Sports Park, the Ivy Arts Centre and the new Library and Learning Centre.

PROFESSIONAL FOCUS

Professional Training placements are available to all undergraduate University of Surrey students. The University works with over 2,300 high-profile partner organisations to offer students real-world, professional work experience.

By participating, you can gain industry experience that will complement your studies and help you stand out in the competitive graduate employment market.

This pioneering work-experience programme is admired by universities around the world and reflects Surrey's commitment to outstanding graduate employability.

THE PATHWAY TO SUCCESS

Our programmes consist of academic subjects, study skills and English language training designed specifically to provide international students with a pathway to degree study at the University of Surrey.

Tutors on our programmes are experts in their subjects and specialists in university preparation.

We will support you every step of the way to help you successfully complete your programme and progress to your chosen degree at Surrey.

FIRST-CLASS STUDENT EXPERIENCE

University of Surrey students are among the most satisfied in the UK. In 2016, Surrey was named University of the Year by *The Times and Sunday Times Good University Guide* as well as University of the Year for Student Experience.

Teaching, academic support, learning resources, facilities and personal development are some of the key areas contributing to this award.

TOP-RANKED DEGREE PROGRAMMES

In recent years, Surrey has established itself as a top-ten university in the major national league tables.

The Guardian University Guide 2018 ranked the University first for Hospitality, Event Management and Tourism. The University was ranked an impressive second for Music, Drama and Dance and fourth for Engineering: Electronic and Electrical, Mathematics and Modern Languages and Linguistics.

Consistently high rankings reflect Surrey's quality teaching, cutting-edge facilities and world-leading research.

HIGHLY EMPLOYABLE GRADUATES

The University of Surrey has a proven track record in producing successful graduates who are well-qualified, professional and most importantly, highly employable.

The latest figures from the Higher Education Statistics Agency show that 95.6 per cent of Surrey's 2015 graduates were in work (or further education) six months after they graduated.

Excellent graduate employability figures are a result of the University's focus on career preparation and the success of Surrey's Professional Training placements.

WORLD-CLASS FACILITIES

From the day you start your programme at the International Study Centre you will be part of the University and can enjoy access to all of Surrey's wonderful campus facilities. You can study in the cutting-edge Library and Learning Centre, stay fit at Surrey Sports Park or socialise in the Students' Union.

Smarter study spaces

The Library and Learning Centre provides the University of Surrey with a study centre that you expect at a leading university. Over the last five years, around £16 million has been invested to offer Surrey students a first-rate, modern study space.

From the Library, you can explore hundreds of thousands of books and journals – physical and electronic – as well as audio and image collections.

The Library and Learning Centre is also home to the University's AppleSeed Bookshop.

SPLASH

The Student Personal Learning and Study Hub (SPLASH) is a student-centred area within the Library designed to enhance your studies. Academic Liaison Librarians work from SPLASH, offering advice on finding resources, using databases and referencing.

To support your academic and personal development, Student Learning Advisers can assist you in improving your writing, presenting, revision, time management or any other academic skills.

SPLASH also supports the STARS (Surrey's Top Achievers Recognised and Supported) programme for outstanding students targeting first-class honours.

World-leading research facilities

The University of Surrey is a research-led institution committed to research excellence and the application of research to benefit society.

Surrey's 5G Innovation Centre is the world's largest academic research centre dedicated to the next generation of mobile and wireless connectivity.

The newest addition to campus, the STEM building, is a state-of-the-art facility for Science, Technology, Engineering and Mathematics study, with laboratories, open plan learning space and seminar rooms.

Surrey Sports Park

The £36 million Surrey Sports Park is one of Europe's leading sports venues and the home of Team Surrey.

University of Surrey students benefit from discounted membership to Surrey Sports Park, giving you access to facilities, classes and activities, and the opportunity to join over 40 student sports clubs.

Everything you need, right on campus

On the main Stag Hill campus, there is a wide range of amenities, including modern launderettes, a post office, bank, bookshop, grocery store and newsagent.

Large supermarkets and a halal grocery store can be found nearby, and a weekly fruit and vegetable market is also held on campus.

CHOOSE ONE OF THREE FOUNDATION ROUTES:

- BUSINESS, ECONOMICS, LAW AND SOCIAL SCIENCES
- ENGINEERING AND PHYSICAL SCIENCES
- LIFE SCIENCES

THE INTERNATIONAL STUDY CENTRE

If you want to study at the University of Surrey, our pathway programmes provide a route to your degree and to a rewarding career beyond.

Success starts here

The International Study Centre is at the heart of the campus, giving you the opportunity to live and learn with students from all over the world. You will be part of the University's friendly and academically distinguished community.

University-style teaching

Each programme introduces you to the UK-style of teaching that will be used during your degree. You will participate in tutorials, seminars and lectures. All of our tutors are highly experienced and experts in their field. By the end of the programme, you will have the skills and knowledge you need to feel confident about starting your degree at Surrey.

PREPARATION FOR THE FUTURE

University of Surrey has an excellent record for graduate employability. This is thanks to the **Employability and Careers Centre, excellent work experience opportunities and the hard work of our students.**

You will benefit from access to:

- The CareerAhead programme at the International Study Centre
- The University's Employability and Careers Centre
- Professional Training placements

CareerAhead

We know that you may already be thinking about your future career, which is why we have integrated a careers and employability skills element into our programmes. CareerAhead will guide you and give you the tools you need to impress in a competitive graduate job market.

Employability and Careers Centre

The Employability and Careers Centre helps to prepare students for their Professional Training placements. Additionally, they ensure you have the necessary skills and receive the best learning opportunities to prepare for career success.

Professional Training placements

Students who complete the International Foundation Year and begin an undergraduate degree will have the opportunity to gain work and industry experience on a Professional Training placement. No other university anywhere in the world has a work placement programme like the University of Surrey.

Partnerships with over 2,300 of the world's leading employers, such as IBM, HSBC and British Airways, have been built to give you real-world professional experience. Some students spend their placements with a UK company or organisation and others have the opportunity to go to Europe or beyond.

“ I’m doing my International Foundation Year in Engineering and Physical Sciences. I’m planning to do a civil engineering degree and hopefully, in maybe five or ten years, I can start my own company to build more houses and help develop my country.

In terms of the teaching style here, they don’t really spoon-feed you. Because we are in the University, we are all adults. So what they do is give you the basic knowledge, and then they want you to actually study and read about it and understand it by yourself.

If you need help, all you have to do is just ask your lecturers or your teachers about what you’re doing and how you can improve it. If you write an essay and you want to improve it, you can just show it to your tutors and they might be able to check it for you. ”

Jonathan from Brunei

Studied International Foundation Year in Engineering and Physical Sciences
Progressed to BEng (Hons) Civil Engineering

INTERNATIONAL FOUNDATION YEAR

The International Foundation Year is a programme of academic subjects, study skills and English language training designed specifically for ambitious international students seeking to meet the University of Surrey’s high admissions criteria.

Successful completion of your International Foundation Year programme is the pathway to an undergraduate degree from one of the UK’s most prestigious universities.

International Foundation Year essentials

You can begin your International Foundation Year in either September or January. When you join the International Study Centre, you will receive a conditional offer letter of a degree place at the University of Surrey. You can progress onto your chosen degree the following September when you have achieved the required progression criteria.

You can choose one of three routes:

- Business, Economics, Law and Social Sciences
- Engineering and Physical Sciences
- Life Sciences

Assessment and coursework

You will be assessed through examinations and coursework, which could take the form of a presentation or extended essay.

Progression criteria

You will need to achieve an overall average of 65 - 70 per cent or above. Some degree subjects may also require an interview with academic tutors at the University.

We will support you throughout your International Foundation Year to make sure you achieve your best and progress successfully to your studies at Surrey.

Please visit isc.surrey.ac.uk for full and up-to-date progression criteria details.

Entry requirements:

Academic: Good high-school graduation grades or equivalent.

English language: For the International Foundation Year: IELTS 5.5 (minimum 5.0 all components) or equivalent.

Course length:

September to June, or January to September.

Intake dates:

September and January.

Age on entry:

For up to date admissions information and entry requirements, including age on entry, please visit isc.surrey.ac.uk

BUSINESS, ECONOMICS, LAW AND SOCIAL SCIENCES

The Business, Economics, Law and Social Sciences route provides the subject knowledge, language proficiency and study skills you need to progress to degree study at the University of Surrey in a related field.

Ranked 2nd in the *Guardian University Guide 2017* league table for Business, Management and Marketing

Partnerships with 2,300 employers

Professional Training placement opportunities available

Admissions enquiries

During your International Foundation Year you will study core units and one elective unit, which are carefully designed to focus on the academic areas most relevant to your chosen degree.

You will gain an understanding and appreciation of the nature and scope of business and the role of business in society. You will also gain an introduction to the principles, concepts and models of micro-economic and macro-economic analysis.

If you choose an elective unit in **Law**, you will learn about the English legal system and the issues relating to business law within the UK and the EU.

If you choose an elective unit in **Accounting**, you will gain an understanding of the role of accounting in business, the importance of maintaining accurate financial records and the need for financial information for monitoring and controlling the performance of an organisation.

Core units

Academic English Skills
Business Studies 1 & 2
Economics 1 & 2

Elective units

To complete your programme you will also study one of the following elective units:

Accounting 1 & 2
Law 1 & 2

Your choice of elective may be dependent on your intended undergraduate degree pathway.

surrey.ac.uk/isc/apply

In Life Sciences you will study the core units relevant to your chosen degree – Chemistry, Biology or Core Maths & Statistics.

Mathematics requires you to recall arithmetic facts needed in this pathway, whilst further developing your knowledge of algebra, solving equations and using graphs to represent your findings.

The **Statistics** unit consolidates and advances your application of concepts in statistical mathematics, including probability, hypothesis testing, sampling and estimation. You will develop understanding of Biology with the aid of laboratory investigations as you explore the unit of life, molecules, cellular processes, enzymes and cell recognition.

In **Chemistry** you will be introduced to formulae, equations and moles, atomic structure, chemical bonding, redox reactions and thermodynamics.

Core units

Academic English Skills
Chemistry 1 & 2
Biology 1 & 2

The University of Surrey will provide guidance and support in year one and two in helping you to secure a suitable placement. Please note the Placement Year is optional and is not guaranteed.

“ The International Study Centre was the start of my time at the University of Surrey. Basically, they prepared me for all the work we were going to get in the first year and that helped a lot. ”

Abdulla from Bahrain

“ The main reason I wanted to come to the UK was because the quality of education is really good.

The International Study Centre helped me learn what to expect in the British education system.

I liked that it was in the University, and yet not in University. I had friends at the University, so I could talk to them about what to expect and what to look out for.”

Theresa from Nigeria
Studied International Foundation Year in Engineering and Physical Sciences
Progressed to BA (Hons) Electronic Engineering and Communications

ENGLISH LANGUAGE PREPARATION

Our English Language Preparation programme provides specialist teaching and support to help you achieve the necessary English language level to start your International Foundation Year programme with confidence.

Successful completion of your Extended Foundation Year programme is the pathway to an undergraduate degree from one of the UK's most prestigious universities.

Course length:

You can take one or two semesters of English Language Preparation. If you have IELTS 5.0 (4.5 in all bands) or equivalent, you will need one semester of English Language Preparation. If you have IELTS 4.5 (4.0 in all bands) or equivalent, you will need to complete our two semester English Language Preparation programme.

Intake dates:

This course has two start dates, depending when you begin your International Foundation Year.

One semester programme

- June, prior to starting your academic programme in September
- September, prior to starting your academic programme in January

Two semester programme

- June, prior to starting your academic programme in January

IELTS UKVI requirement	Semesters	Jun - Sep	Sep - Jan	Jan - Jun	Jun - Sep	September
4.5 (4.0 in all skills)	2	ELP		IFY		Progress to your degree*
5.0 (4.5 in all skills)	1	ELP	IFY		Vacation	
5.0 (4.5 in all skills)	2		ELP	IFY		

ELP English Language Preparation IFY International Foundation Year

* Progression will be dependent on reaching the required grades. For a full and up-to-date list of degrees available and the grades required, visit isc.surrey.ac.uk

PRE-MASTERS PROGRAMME

This course is an intensive one or two-semester programme of academic subjects, study skills and English language preparation. It has been designed specifically to prepare you for study at the University. Successful completion of the Pre-Masters programme is the pathway to a post-graduate degree from one of the UK's most prestigious universities.

Pre-Masters Programme essentials

You can begin your Pre-Masters Programme in either September or January. When you join the International Study Centre, you will receive a conditional offer letter of a degree place at the University of Surrey. You can progress onto your chosen degree at the next intake date, when you have achieved the required progression criteria.

You can choose one of three routes:

- Management, Finance and Economics
- Engineering
- Health and Medical Sciences

ENGLISH FOR PRE-MASTERS

Get the support you need to reach the IELTS requirement for your pathway, with our English for Pre-Masters programme.

Depending on your level of English, you can complete either one or two semesters of English language prior to beginning your academic programme.

Course length:

You can take one or two semesters of English Language Preparation. If you have IELTS 5.0 (5.0 in all bands) or equivalent, you will need one semester of English Language. If you have IELTS 4.5 (4.5 in all bands) or equivalent, you will need to complete our two semester English for Pre-Masters programme.

Intake dates:

This course has two start dates, depending when you begin your Pre-Masters Programme.

One semester programme

- June, prior to starting your academic programme in September
- September, prior to starting your academic programme in January

Two semester programme

- June, prior to starting your academic programme in January

At the end of your English language course, you will start your Pre-Masters programme, providing you have achieved the required module grades.

PRE-MASTERS PATHWAYS

Studying any of the three Pre-Masters programme pathways provides the subject knowledge, language proficiency and study skills you need to progress to postgraduate study in a related field at the University of Surrey.

During the programme you will study a core unit of general subject skills and subject-specific units, which are carefully designed for your academic development.

STUDENT LIFE

As soon as you arrive on campus, you will be welcomed and quickly make friends with students from all over the world.

International students make up of 37% of the student body with over 120 different nationalities studying here and contributing to the lively and diverse atmosphere on campus. Getting around the campus is simple. Everything you need is within walking distance, so you are never far from where you need to be.

Take a study break

Students at Surrey are committed to their studies and work hard. But once the work is done, it's time to relax and make the most of your free time. Socialising on campus is easy, with lots of space to be with friends and enjoy student life.

Eating and socialising

There are plenty of places to eat on campus, from authentic international cuisine in the Students' Union to an à la carte restaurant. There is even a pizza house that can deliver directly to your room. You will also find an international food shop on campus, where you can stock up on treats from home.

Visit the website to explore the campus using the virtual tour: surrey.ac.uk/virtualtour

Your Students' Union

The Students' Union lies at the heart of campus life. As an independent, membership-led charity, the Union is the sole representative body for Surrey students.

The Union is responsible for facilitating clubs and societies, organising events, offering volunteering and training opportunities, voicing student opinions and providing support and advice to ensure that all students get the most out of their time at Surrey.

Make new friends and have fun

The Students' Union organises fun activities and events such as creative workshops and trips abroad. The Union also houses five bars, cafés and restaurants and has its own 1,600-capacity nightclub. So whether you're into clubbing or comedy, live music or pub quizzes, you will find plenty to keep you entertained without even having to leave the campus.

Get involved

You will be encouraged to get involved with Union activities as much as you want. You will have plenty of opportunities to participate by joining a club or society, or even by becoming a sabbatical officer.

“ The best thing about the campus is that it's not like London universities, which are in the middle of the city. Here, the campus is separate and it has everything you need to give you a better opportunity to live a student life.

You can have an equal life between your social life and your academic life. If it was in the centre of the city you're definitely going to be distracted – but here you don't get distracted easily.”

Omar from United Arab Emirates

Studied Engineering, Mathematics and Sciences International Foundation Year
Progressed to BSc (Hons) Mathematics and Physics

HELPING YOU FEEL AT HOME

We are committed to ensuring you reach your full potential and have a wonderful student experience at Surrey and the International Study Centre.

From the moment you arrive, if you need any support, information or guidance, our friendly on-site team are available to offer help every step of the way.

Settling in

For many students, starting university life is their first experience of living away from home. To help you settle in, you will receive a big, warm welcome from the 'Freshers Angels' (University of Surrey student helpers) when you arrive. They can help you find your way around campus and will be a friendly point of contact during your studies.

You will also meet the International Study Centre staff and fellow international students who will be by your side as you begin an exciting new life as a student in the UK.

Personal support

When you arrive at the International Study Centre, we will also introduce you to your Personal Tutor. They will help you get the most out of your university experience by answering questions and offering ongoing support.

Our friendly Student Mentors are also on hand to help you settle in and make friends, and the dedicated Residential Support Team works to promote a positive living experience for everyone on campus.

Centre for Wellbeing

It is important that you feel happy and healthy throughout your time at Surrey. If you need someone to talk to or have any personal concerns, our counsellors are available. All our counsellors are experienced in working with students from a broad range of cultures and nationalities.

Student Services Centre

Located at the heart of campus, the Student Services Centre can help if you need information, advice or guidance on anything related to student life at Surrey. Friendly staff are trained to deal with a wide range of questions and are a key source of information on many University services.

Students with disabilities

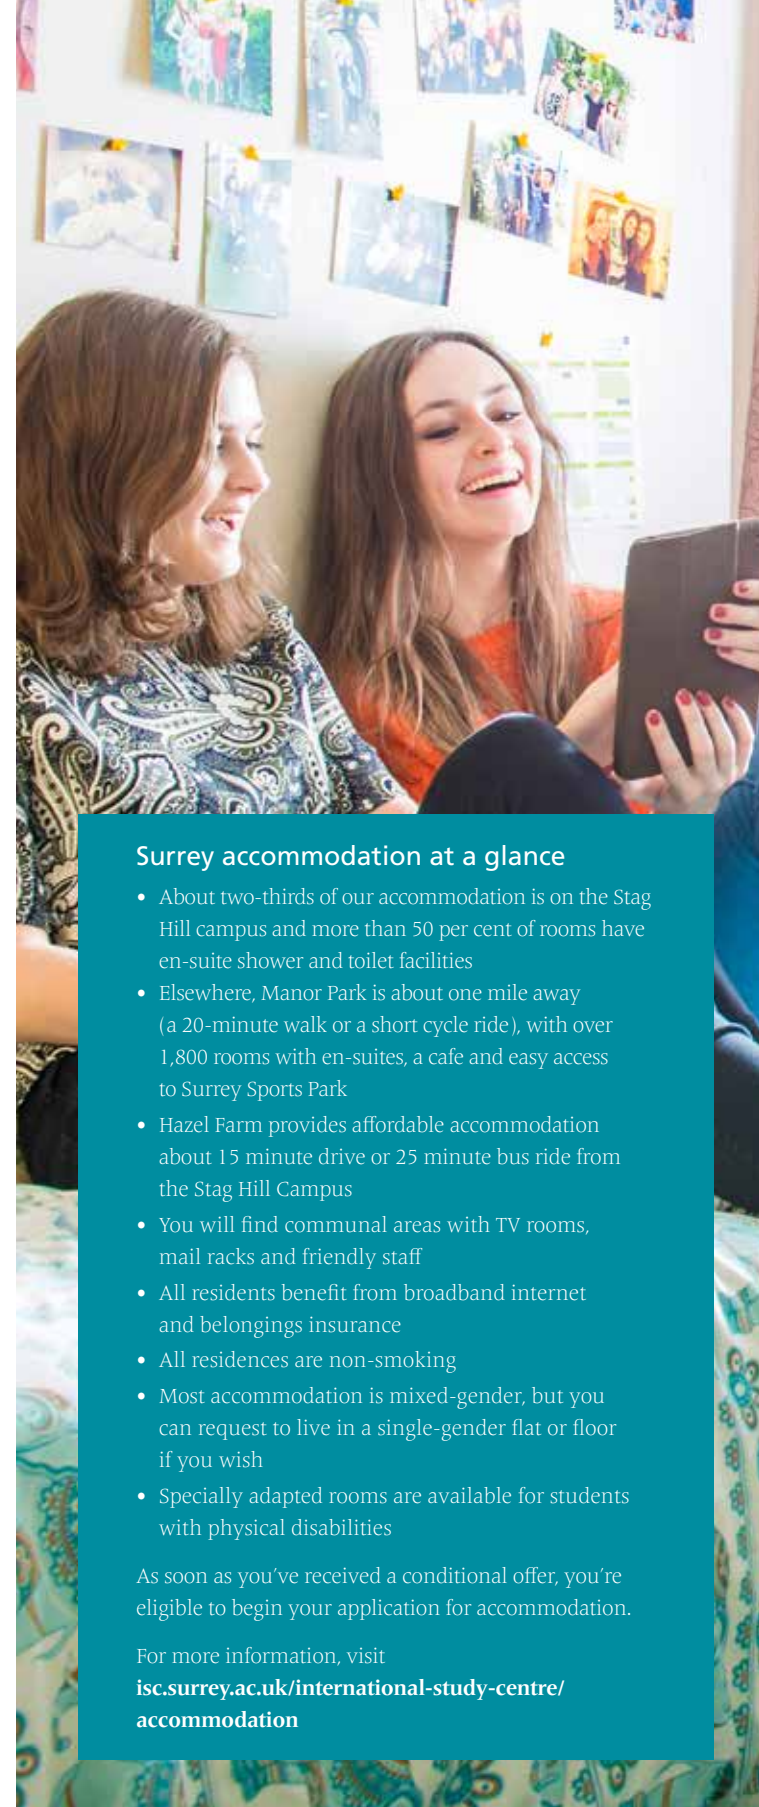

Surrey offers a range of support services for students with additional needs. Among these are special examination arrangements, dyslexia screening and one-to-one learning support. The Assistive Technology Centre provides additional tools and resources, including workstations equipped with specialist learning software.

Student accommodation

Living in university accommodation is a great way to meet new people, spark friendships and find your feet. Accommodation at Surrey is arranged in groups of self-catered housing called Courts of Residence. All accommodation has been carefully designed to provide a comfortable and safe living space you can make your own.

Rooms are available to suit a range of tastes and budgets, from basic shared and single rooms, to modern en-suites.

It is important to apply for housing early for the best chance of securing your first choice in accommodation.

Surrey accommodation at a glance

- About two-thirds of our accommodation is on the Stag Hill campus and more than 50 per cent of rooms have en-suite shower and toilet facilities
- Elsewhere, Manor Park is about one mile away (a 20-minute walk or a short cycle ride), with over 1,800 rooms with en-suites, a cafe and easy access to Surrey Sports Park
- Hazel Farm provides affordable accommodation about 15 minute drive or 25 minute bus ride from the Stag Hill Campus
- You will find communal areas with TV rooms, mail racks and friendly staff
- All residents benefit from broadband internet and belongings insurance
- All residences are non-smoking
- Most accommodation is mixed-gender, but you can request to live in a single-gender flat or floor if you wish
- Specially adapted rooms are available for students with physical disabilities

As soon as you've received a conditional offer, you're eligible to begin your application for accommodation.

“ I live in Manor Park, which is like a student village with a cafe to just chill after studying. It's good.

I like going to Surrey Sports Park because it has really good facilities, with the football pitches and the gym.

Also, the town is a mix of old and modern, so I find it really interesting too. Sometimes I explore or go watch a movie, and during the weekends they have the market. They sell things like cookies, clothes, vegetables and fish. ”

DISCOVER GUILDFORD AND BEYOND

Students tell us that studying at Surrey gives them the best of two worlds: the opportunity to live surrounded by beautiful English countryside, while the sights of London are only a short train ride away.

The campus itself is located within sight of the Surrey Hills Area of Outstanding Natural Beauty. This beautiful setting provides a peaceful and natural environment where you can concentrate on your studies or take time out to relax with your friends.

The nearby Guildford town centre is well-loved by international students for its unique blend of historical, cultural and modern delights. The cobbled High Street provides the perfect setting for a day out with many exclusive boutiques, independent shops and three shopping centres.

Away from the shops you will find parks, waterways and even a 900-year-old castle. A frequent bus service links the campus with the town centre.

Exploring Surrey

In the Surrey countryside, you will discover many places to relax and unwind, including pretty country pubs and National Trust historical sites to visit. There are also acres of lovely countryside for walking and cycling.

For those seeking an outdoor adventure, Surrey also offers everything from the thrill of zip wires to paintballing and mountain biking in the stunning Surrey Hills.

The region is rich with heritage and culture too. Famous attractions such as Hampton Court, Windsor Castle and Kew Gardens are all easily accessible. Outstanding sporting venues are also close by, such as tennis at Wimbledon, rugby at Twickenham, horse racing at Epsom and Ascot and cricket at the Oval.

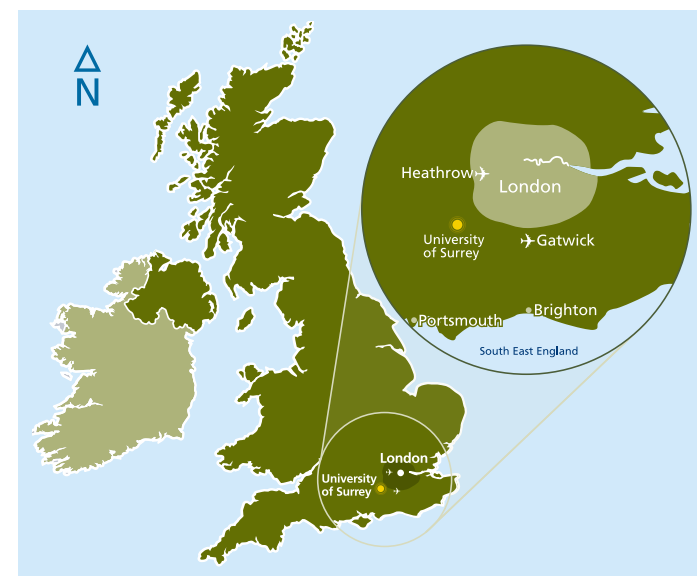

London on your doorstep

London, one of the world's greatest cities, is under 40 minutes away by rail. Whether you want to see a West End show, go on a sightseeing tour, visit a museum or enjoy a night out with friends, Guildford is an ideal base from which to explore the capital city.

Student insurance

We strongly recommend that international students have the protection of personal insurance whilst in the UK. To cover you as a student at the International Study Centre, you may wish to purchase our "StudyCare Insurance Plus" insurance cover. This policy will cover you for loss of personal possessions, travel delay, as well as providing medical insurance until the end of your International Study Centre academic programme. You can purchase StudyCare Insurance Plus as part of the application process. If you prefer, you may take out insurance cover with another provider.

The International Study Centre programmes are provided by Study Group in collaboration with the University of Surrey.

Programmes at the International Study Centre are delivered by Study Group.

Study Group is a global leader in preparing students for international academic success and rewarding careers through a life-changing learning experience. We offer customised programmes across higher and language education starting from high school to lifelong learning. Study Group taught more than 60,000 students from more than 150 countries across the UK, Europe, USA, Canada, Australia and New Zealand in 2017.

Disclaimer

This prospectus is issued for the general guidance of students considering entry to University of Surrey International Study Centre from 2018. The information is correct at the time of going to press and the programmes and services described herein are those which Study Group is planning to offer. We make every effort to ensure that the content of our prospectus, website and other materials is accurate. However, on occasion it may be necessary to alter certain aspects of a module or programme, for example if changes are required to meet external requirements; or if programmes are over-subscribed and the quality of teaching would be adversely affected as a result.

In such circumstances we may have to alter the timetable, change the teaching location of the programme or, in extreme cases, cancel or substantially amend the content of the programme. Should any of these changes become necessary, we will give you as much notice as possible before they come into effect and ensure that any disruption to your studies is minimised.

If your programme is cancelled, we will work in consultation with you to offer a suitable alternative, subject to meeting the admission requirements for that programme or the opportunity to obtain a refund of any advance payments you have made for the programme. The alternative programme may not be at the same International Study Centre as the original offer.

Study Group reserves the right, where applicable, to amend the regulations governing programmes at University of Surrey International Study Centre. We therefore strongly recommend that immediately prior to making any application to - or accepting any offer from - us, you refer to the most up-to-date version of the programme descriptions and specifications and the regulations on University of Surrey International Study Centre website.

Neither the University nor Study Group shall be liable for any errors or omissions that may be contained in this prospectus.
