

# INTERNATIONAL GUIDE 2018/2019

# Welcome to the University of Wolverhampton

The University of Wolverhampton is a global university. From our central UK location, we provide opportunities to our students from home or abroad, in the UK and in countries around the world – helping you to develop the knowledge, skills and confidence to thrive in the global economy.

Each year, we welcome many hundreds of international students from over 100 nations to the University, who join us to study at one of our UK campuses or partner institutions overseas.

Wherever you're studying with us, we put you – our students – first in our efforts to provide the best possible student experience, as well as improving your overall life chances and employability. We are proud to be 5th in the UK for our graduate employability rate\*.

We hope you find this guide useful. Many of your questions will be answered within these pages, but please don't hesitate to get in touch with us if you'd like to find out more.

I look forward to welcoming you to the University of Wolverhampton.

**Professor Geoff Layer**  
Vice-Chancellor

# Experience Wolverhampton Time to explore

## GET INSPIRED

Journey through 300 years of art at Wolverhampton Art Gallery, find inspiration at Walsall's New Art Gallery, and go on a sculpture tour of the city.

## SHOP IN STYLE

Grab uni essentials and flex your NUS discount card at Wulfrun and Mander Shopping Centres – or shop 'til you drop at Walsall's Saddlers or Telford Shopping Centres. There are plenty of independent, international shops, as well as a great variety of stalls selling food from across the globe at Wolverhampton's market.

## NIGHTS TO REMEMBER

Looking to celebrate essay hand-in day, the end of exams or Saturday night? Discover rated restaurants, bustling bars and cool cocktail hangouts on your doorstep.

## A QUESTION OF SPORT

Show your support in the stands for Wolverhampton Wanderers FC at Molineux Stadium. Footie not your thing? From speedway to horse racing, you'll find a sport to get behind.

## MUSIC TO THE EARS

Catch the biggest stars and trendiest indie bands at iconic venues like the Civic and Wulfrun Halls, Slade Rooms and Newhampton Arts Centre – as well as stadia and concert halls, across Birmingham and the West Midlands.

## PICK OF THE FLICKS

As well as at local multiplexes, you can catch the latest films at the Light House – the Black Country's only independent cinema.

## LIFE'S A STAGE

Take in a show at the Grand Theatre – from plays and musicals to opera and ballet – you can also watch a traditional British pantomime. Catch something more intimate at our own Arena Theatre or Walsall Campus's Performance Hub.

## TIME TRAVEL

For an authentic Victorian-era experience, visit Blists Hill Victorian Town – just one of the award-winning attractions a trip to Ironbridge has to offer, or a short bus ride from City Campus, discover the past at the Black Country Museum.

## RELAX AND ESCAPE

Get some head space between lectures at West Park – a beautiful Victorian park just minutes from the city centre – or other green spots in Walsall and Telford.

**RIGHT IN THE HEART OF THE UK, WE'VE GOT PLENTY TO SHOUT ABOUT IN WOLVERHAMPTON – WHETHER YOU'RE STUDYING AT OUR CITY CENTRE CAMPUS OR IN NEARBY WALSALL OR TELFORD, THERE'S SO MUCH TO GET UP TO AND SO MANY CULTURAL HIGHLIGHTS TO EXPLORE.**

# Our heritage

We're proud of a history that goes all the way back to 1827 – over 190 years, we've grown and changed as an institution to become the global university we are today.

A lot has changed, but you'll find our foundation remains: we continue to invest in our students and campuses to provide you with the best support, facilities and inspiration, in order to help you achieve your goals.

## THE EARLY YEARS (1827-1899)

The roots of the University lie in the 19th century growth of Mechanics Institutes, which provided vocational and general education for working men. Following its formation in 1827, the institution grew and strengthened in the decades that followed, influenced heavily by the Industrial Revolution.

## EARLY 20TH CENTURY (1900-1944)

An educational foundation had firmly been established with the Wolverhampton Technical College being formed by 1915, as well as the Municipal School of Arts, later to become the Wolverhampton College of Art. In 1932, at the iconic Marble building in Wulfruna Street, the foundation stone was laid by HRH Prince George forming the base for the University's presence in Wolverhampton city centre to the present day.

## THE POST-WAR YEARS (1945-1968)

The post-war 'boom' in education led to a growing demand for a variety of subject areas. By 1966, with student numbers at c.7,000, the College began to provide Bachelor's degrees with options in English, Geography, History, Music, Economics and Computer Technology and held its first ever degree ceremony.

## WOLVERHAMPTON POLYTECHNIC (1969-1991)

On 1 September 1969, the College was officially designated a Polytechnic. The 1970s saw Wolverhampton develop into a truly international community with students from Iran, Malaysia, and Nigeria, and the delivery of Wolverhampton courses internationally beginning to flourish. By the 1980s, nurse education was brought into higher education institutions from hospitals, mainly in polytechnics, leading to the creation of the School of Nursing and Midwifery at Walsall Campus.

## THE UNIVERSITY OF WOLVERHAMPTON (1992-PRESENT)

In 1992, Wolverhampton Polytechnic was granted university status and became the University of Wolverhampton with direct degree awarding powers. Today, we continue to invest in our students, staff, alumni and in the local and international community with over 4,000 students graduating each year.

# How to get to us

Wherever you're travelling from, getting to us here in Wolverhampton is simple thanks to our central UK location.

## BY PLANE

Birmingham International Airport is just 30 minutes away by train with direct routes from countries including China, India, the USA and much of Europe.

## BY TRAIN

Wolverhampton City Campus is just 5 minutes' walk from the West Coast mainline station, with frequent and direct trains from and to Birmingham (18 minutes), Manchester (just over 1 hour) and London (under 2 hours).

## BY CAR

The city is close to the M54, M5 and M6 motorways, so you can easily get to us by car or by coach.

When you want to explore the rest of the UK, Wolverhampton's proximity to these local, national and international transport links makes getting around easy.

The city is also a bus and metro hub, making the rest of the West Midlands easily accessible.

# Our campuses

**WHICHEVER OF OUR THREE MAIN CAMPUSES YOU'RE BASED AT, YOU'LL FEEL RIGHT AT HOME IN AN ENVIRONMENT THAT INSPIRES YOU TO DO GREAT WORK.**

## City

**With a history going back to the early 19th century, City Campus is right in the centre of Wolverhampton and could be where you start your own journey.**

The campus has helped to change the landscape of the city, from historic buildings like the Wulfruna and George Wallis buildings, home to the Wolverhampton School of Art (est. 1851), to multi-million pound developments like the Rosalind Franklin Science Centre and new home of our Business School, the Lord Swraj Paul Building.

Cutting-edge facilities are at your fingertips whatever your subject of choice, including mock court rooms, media suites, state-of-the-art laboratories and more. With accommodation options to suit every budget, you'll be situated just minutes away from everything you need.

## Walsall

**If your course is taught at our Walsall Campus, you'll find everything you need – from on-site accommodation to specialist facilities for subjects focusing on performing arts, education, health and sport.**

You can learn to teach or prepare for a career in the health professions, hone your craft in The Performance Hub or realise your sporting ambition with extensive sports facilities including a new 3G artificial grass pitch, Sports Centre and swimming pool.

You'll be just 10 minutes from Walsall town centre and a short distance away from Wolverhampton too, for a full and rewarding student experience.

Don't forget you can hop on the **FREE** shuttle bus to Wolverhampton City Campus!

## Telford

**Telford Campus is home away from home for many of our international students, and where you'll find some of our most exciting developments happening.**

The International Academy at Priorslee Hall is based at the picturesque, countryside campus and provides support at every level for students who need help in improving their English language proficiency.

We're also investing £10 million at Telford in advanced new engineering facilities and equipment in a number of specialist areas, including motorsport engineering.

“

I study English in the UK and decided to study my Master's here. I chose Wolverhampton for its city location and course option.”

**Abdulaziz Al Jumaia from Saudi Arabia**  
MA Language and Information Processing

## University Shuttle Bus

Need to get from one campus to another? We offer a **FREE** inter-campus shuttle bus service for students during term-time – simply show your student ID and hop on board. Find out more at: [wl.v.ac.uk/bus](http://wl.v.ac.uk/bus)

# Learning facilities

**WHATEVER YOUR SUBJECT, YOU'LL FIND YOUR STUDIES WELL SUPPORTED BY OUR EXCELLENT TEACHING AND LEARNING FACILITIES.**

Our learning centres combine traditional library services with high-tech facilities, providing access to materials to aid you in your studies.

## MEDIA SUITE

Our purpose-built media suite includes cutting-edge TV and radio studios and a sound-booth with full recording capabilities

## GREAT I.T. FACILITIES

There are over 2,400 PCs across campus for you to use, as well as specialist Mac suites.

## THE PERFORMANCE HUB

Prestigious All-Steinway School status and fully equipped to support you in your chosen performance discipline.

## MOCK HOSPITAL WARDS

Our mock hospital wards offer hands-on teaching for nursing and midwifery students, allowing you to practise without peril on our SimMen.

## WOLVERHAMPTON SCHOOL OF ART (EST. 1851)

The iconic George Wallis Building, home to our School of Art, features nine floors of specialist equipment, studios and workshops to help you develop your craft.

## ROSALIND FRANKLIN BUILDING

The superbly equipped Rosalind Franklin Building's six-storeys provide purpose-built laboratories for all branches of science.

## SOCIAL PSYCHOLOGY SUITE

Psychology students can make use of our innovative Social Psychology Suite, complete with one-way mirror, viewing chamber and video cameras.

## MOCK COURT ROOM

Law students can practise the art of litigation in our purpose-built mock court room, complete with judges' bench and witness box. Order in the court!

## BUSINESS SCHOOL

Our multi-million pound Lord Swraj Paul Building houses an executive education suite, IT suite, consulting rooms and more.

## TECHNOLOGY CENTRE

Game on! Computer Games Design and Computing students will find dedicated facilities in the Alan Turing Building for games testing, development and research.

## SPORTS CENTRE

As well as sports facilities, including a new 3G pitch, Walsall Campus is home to sports labs and a state-of-the-art DXA suite for sport, exercise and health-related research, including bone density testing.

## LATTE ROOM

The Millennium City LaTTE room is the result of our project aiming to create the perfect flexible learning and teaching environment, facilitating individual and group work with a focus on technology and accessibility.

## RECORDING STUDIOS

Budding musicians can make use of The Performance Hub's two recording studios and additional live rooms, equipped to the highest professional standard.

## THE SCHOOL OF ARCHITECTURE AND BUILT ENVIRONMENT

Gain hands-on practical learning with a prototyping laboratory, design studio, drawing offices and virtual reality suite.

## ENGINEERING EQUIPMENT

We've invested £10m in engineering courses, facilities and equipment at Telford Innovation Campus. You could even get involved with University of Wolverhampton Racing Team, which debuted in the Protyre Formula Renault championships in 2015.

# Our faculties

AT THE UNIVERSITY OF WOLVERHAMPTON, YOUR COURSE WILL BE DELIVERED BY ONE OF OUR SCHOOLS OR INSTITUTES, WHICH ARE GROUPED TOGETHER IN FOUR MAIN FACULTIES.

- ◆ Faculty of Arts
- ◆ Faculty of Education, Health and Wellbeing
- ◆ Faculty of Science and Engineering
- ◆ Faculty of Social Sciences

## Faculty of Arts

The Faculty of Arts has roots dating back to the 1800s. Its four Schools offer undergraduate and postgraduate courses in a range of arts-based subjects that promote artistic craft, specialist skills and creative enterprise.

**SCHOOL OF HUMANITIES:** Broaden your intellectual horizons, engage with ideas critically and independently, and develop your understanding of an increasingly complex global world. Stimulating courses are enriched by the research and scholarship of our academic staff.

**SCHOOL OF MEDIA:** Does your interest lie in front of the camera or behind it? Do you want to explore stories already created or produce works of your own in a variety of different media? The School of Media provides a lively and dynamic environment to explore different disciplines.

**SCHOOL OF PERFORMING ARTS:** With an impressive history shaped by contemporary arts practice, the School of Performing Arts offers the perfect environment and state-of-the-art facilities for you to realise your ambitions and develop your craft. We'll provide the stage, ready for you to explore your performance potential.

**WOLVERHAMPTON SCHOOL OF ART (EST. 1851):** The School of Art builds on a long-standing history of design excellence, with courses shaped by the contemporary creative industries. Housed in one purpose-built building in the heart of the city of Wolverhampton, the School offers the expertise and facilities to help you develop your individual style as an artist, designer or maker.

# Faculty of Education, Health and Wellbeing

The Faculty brings together five Institutes specialising in subject areas headed up by academic staff who are experts in their fields, with many courses accredited by recognised professional bodies. The Faculty's outstanding facilities include the multimillion pound Sports Centre and advanced, purpose-built healthcare and teacher training buildings.

**INSTITUTE OF EDUCATION:** Offering a comprehensive range of nationally-recognised courses in education for future and current education professionals.

**INSTITUTE OF SPORT AND HUMAN SCIENCE:** Multi-million pound facilities, excellent links with industry, renowned and dynamic staff, interesting and challenging courses, and accreditation from the British Psychological Society add up to an excellent foundation for a wide range of careers.

**INSTITUTE OF HEALTH:** We have a range of courses including Foundation Years in subjects including Nursing, Community Health, Midwifery, Paramedic Science, Physiotherapy and Physician Associate.

**INSTITUTE OF COMMUNITY AND SOCIETY:** Our students benefit from extensive staff experience in healthcare at clinical, managerial and research levels. Research and development are viewed as an integral part of the Institute's activities, underpinning learning and teaching within all subject areas.

# Faculty of Science and Engineering

With a rich and long history of technology, teaching and local skills provision, the Faculty of Science and Engineering is committed to growing its base in Science, Technology, Engineering and Mathematics (STEM) and works closely with leading companies such as Morgan, Jaguar Land Rover, Moog and UTC Aerospace Systems.

**SCHOOL OF ARCHITECTURE AND BUILT ENVIRONMENT:**

Learn from industry experts who transfer their knowledge and hands-on experience in their respective fields. Courses are accredited through multiple accreditors, ensuring that your learning is practical and relevant to current industry practice.

**SCHOOL OF ENGINEERING:** Our Engineering degree courses have been developed in close consultation with industry practitioners so that you have the up-to-date technical knowledge and design flair to work in today's ever changing industry.

**SCHOOL OF MATHEMATICS AND COMPUTER SCIENCE:** Mathematics and Computer Science are disciplines central to almost everything we do, from everyday finance to scientific discovery. Degree courses are accredited and excellent specialist facilities have been developed for our students.

**SCHOOL OF PHARMACY:** Studying Pharmacy, Pharmaceutical Science or Pharmacology will offer you an exciting and versatile learning experience leading to a prestigious and rewarding career path with many diverse opportunities.

**SCHOOL OF SCIENCES:** Learn to understand how the human body functions and help to determine the impact biology, chemistry and forensic science will have in our future. Your science degree will give you a head-start in securing a rewarding career.

# Faculty of Social Sciences

Our teaching excellence, innovative learning materials and first class facilities create a vibrant and stimulating learning environment where you can develop personally and professionally.

**UNIVERSITY OF WOLVERHAMPTON BUSINESS SCHOOL:**

Established for over 80 years, our Business School has a distinguished history of supporting business in the West Midlands and Black Country. We were among the first in the country to offer MBA programmes, coaching and mentoring qualifications and have a tradition of innovation in developing courses which meet the needs of business.

**UNIVERSITY OF WOLVERHAMPTON LAW SCHOOL:**

The Law School has over 30 years' experience of providing legal education to the highest standard, reflecting the latest legal developments. Our expertise is respected and highly valued by important players in the legal sector.

**SCHOOL OF SOCIAL, HISTORICAL AND POLITICAL STUDIES:**

The School has highly qualified and committed staff teaching a broad range of subjects in sociology, social policy, criminology, history, war studies and politics. The Faculty also includes the Centre for International Development and Training, Centre for African Entrepreneurship and Leadership and the International Academy.

# International Academy

OUR INTERNATIONAL ACADEMY IS A HOME-FROM-HOME FOR OUR INTERNATIONAL STUDENTS – OFFERING YOU HELP AND SUPPORT TO ACHIEVE YOUR AIMS.

# Money Matters

We believe that the overall Wolverhampton experience offers excellent value for money and is a sensible investment in your future.

Cost of living in Wolverhampton is recognised as being good value compared to other cities in the UK, particularly London – according to numbeo.com consumer prices in Wolverhampton are 20% lower, eating out is 30% less expensive, and rents are up to 72.87% lower!

It's estimated that a single student living in Wolverhampton will need approximately £1,015 a month to meet basic living expenses such as accommodation costs, food, books and equipment, and other necessities. This is in line with the Home Office recommended figures for living outside London. **This figure is given as a guide only.**

## WHERE TO BUY FOOD

Wolverhampton has a variety of major supermarkets including ASDA, Sainsbury's and Tesco, cheaper supermarkets including Lidl and Aldi, and premium supermarkets such as Waitrose and Marks & Spencer. British shops and larger supermarkets stock a wide range of products including foods imported from other countries and foods meeting religious requirements, such as Halal. There are also many local ethnic stores where you will be able to find the foods you are used to eating at home.

Food prices are very different depending on where you shop and what products you buy. Supermarkets often have 'own label' brands which are cheaper than more recognised brands. You could also explore local markets or bulk buying.

The shopping list below gives an approximate idea of the cost of basic products in the UK from a supermarket. Another easy way to understand whether you have budgeted enough is to visit: <https://international.studentcalculator.org>

**FOOD COSTS:** £30 - £35 (average cost of weekly shop purchasing supermarket's own brand).

**ACCOMMODATION COSTS:** £4,900 - £8,300 per year depending on the type of accommodation.

**OTHER COSTS:** To cover items such as books, clothing, entertainment, laundrette and dry-cleaning, personal hygiene items and household articles, you will need approximately £340 for the year.

*The following example helps to illustrate the breakdown of costs.*

Let's say your course fee is £12,000 and you've paid £3,000 in advance. For living costs you'll need to show £9,135 (£1,015 x 9 months) but you've also paid £500 towards your University accommodation already.

So, for this example, the amount you'll need to show in your bank account is £17,635 – because **£9,000 + £9,135 - £500 = £17,635.**

## Issic Romel India

The best thing about studying at the University of Wolverhampton is at the end, you'll have a degree certificate and people will think you're mega-smart and want to give you amazing jobs – but if they don't, you've always got the option of staying on to do a postgrad.

My biggest success is being elected as the Welfare VP at the University of Wolverhampton Students' Union. If you're a student starting at the University, my advice is to get involved with the ongoing activities on campus and don't leave your university work until the last minute – even if you have to, due to other priorities, then don't give up because you finish what you started!

## Nicole Berroa Dominican Republic

The best thing about the University of Wolverhampton is that your background does not matter, you'll feel right at home and you will have the desire to discover new horizons to improve yourself; it definitely is the University of Opportunity. Don't worry about asking for advice – there is lovely and qualified staff willing to sail with you during the storm.

Look at the University resources and people that best enable you to develop yourself. I've started my professional career as I wanted and won a full scholarship to study full-time abroad.

## Yun Luan China

Being a doctoral student at the University of Wolverhampton is one of the most memorable experiences of my life. The exciting research project on first year undergraduate experience matched my research interest perfectly as my Master degree study was about educational leadership and innovation.

My supervisors were extraordinarily supportive and caring, which not only helped me build up my research skills but also enhanced my personal development. The guidance and training I received prepared me well for job hunting after graduation. Currently I am an Evaluation Director in a non-profit organization in Canada, contributing to local community building with the knowledge and research skills developed through my PhD study.

# CHECKLIST

## THE UNIVERSITY WILL NEED THE FOLLOWING INFORMATION IN ORDER TO MAKE A DECISION ON YOUR APPLICATION:

1

### STATEMENT OF PURPOSE:

Your statement of purpose must explain your reasons for joining the course. This can include why you are applying, why you have chosen the programme, and how it is related to your future career ambitions.

2

**ENGLISH LANGUAGE:** We require a certified English language test IELTS or in some instances, country specific English language exams can be accepted.

3

**REFERENCE:** All references, academic or employer, need to be submitted on institutional letterhead to be valid.

4

**DEPOSIT:** In order to secure your place on the programme and issue you with a CAS, the University must receive payment from you. You can pay anything from the deposit payment of £3,000 to the full tuition fee amount. Details on how to pay were included in the email with your offer letter.

5

**FINAL CERTIFICATE:** If you are still finishing your current studies, we need to receive your final transcripts and certificates. When you receive these documents, please forward copies to us.

6

**TB CERTIFICATE:** If you are spending more than six months in the UK, and you're from one of the countries listed at: [www.gov.uk/tb-test-visa](http://www.gov.uk/tb-test-visa), you'll need to take a tuberculosis (TB) test.

7

**PASSPORT:** A copy of the picture and data page of your passport.

8

**BANK STATEMENT:** Before international students are issued a CAS to make a visa application, we need to see proof of funds have been maintained for 28 days. This means that you will need to send bank statements to show that you have saved all unpaid tuition fees and living expenses in your bank account for 28 days.

9

**PARENT'S BANK ACCOUNT:** If using your parent's/legal guardian's account, you need to show evidence that you are related to them and that you have permission to use their money. This is usually by showing an original birth certificate and a signed letter confirming your parents are willing to sponsor you and that you are their son or daughter. Please note, an affidavit cannot be used to prove someone is your parent or legal guardian.

# How to apply

DO YOU HAVE QUESTIONS ABOUT APPLYING?  
HERE'S OUR TEN STEP GUIDE TO THE APPLICATION PROCESS.

<p><b>01</b> <b>Apply</b></p> <p>There are three easy ways to apply:</p>	<ul style="list-style-type: none"> <li>• <b>Direct to the University</b> – complete and submit an online application form, including a personal statement regarding your suitability for your chosen course, along with scans of your original academic transcripts and certificates.</li> <li>• <b>Through a country representative</b> – our in-country representatives can help you make your application and apply for a visa, and give advice on studying abroad.</li> <li>• <b>Through UCAS</b> – if you're applying for an undergraduate degree or a Higher National Diploma (HND), you can apply through the UK's Universities and Colleges Admissions Service (UCAS) at: <a href="http://ucas.com">ucas.com</a></li> </ul>
<p><b>02</b> <b>Get your offer</b></p> <p>Providing that you have submitted all the correct information, you will receive one of the following decisions by email:</p>	<ul style="list-style-type: none"> <li>• <b>Unconditional offer</b> – You meet the entry criteria. Your place will be reserved until you accept or decline your offer.</li> <li>• <b>Conditional offer</b> – You still need to complete your current qualifications, or submit outstanding documents. Your place will be reserved until you meet the rest of the entry criteria.</li> <li>• <b>Alternative course</b> – You do not meet the entry criteria for the course you applied for, but you are suitable for another course.</li> <li>• <b>Reject</b> – You do not meet the entry criteria. We will always offer an alternative course where possible.</li> </ul>
<p><b>03</b> <b>Meet your conditions</b></p>	<ul style="list-style-type: none"> <li>• If you are holding an unconditional offer, you have already met all of the conditions and you will be eligible to proceed to apply for your visa at the appropriate time.</li> <li>• If you have a conditional offer, you will need to email your outstanding documents.</li> <li>• If your offer is conditional on meeting the English language requirements, then you may want to consider a pre-sessional English course (see pages 19-20).</li> </ul>
<p><b>04</b> <b>Accept your offer</b></p>	<p>To accept your offer, you will need to pay a deposit towards the tuition fees.</p> <p>This demonstrates to the visa authorities that you are a serious student. If you are a conditional offer holder and do not meet visa conditions, we will refund this payment, with the exception of £50 which is retained as an admin fee.</p>
<p><b>05</b> <b>Book your accommodation</b></p>	<p>Once you have accepted your offer (conditional or unconditional), you will receive an email inviting you to book accommodation online.</p>

Applications will be considered at any time up until the course start date, although we advise you to apply well in advance to allow plenty of time to arrange your visa, accommodation and deal with any other issues ahead of your studies in the UK.

## HELP AND GUIDANCE WITH YOUR APPLICATION

If you need help with your application or would like some advice on study options, you can contact us.

<p><b>06</b> <b>Confirmation of acceptance for studies (CAS)</b></p>	<p>A CAS is an e-document and confirms that you have been accepted onto a full-time degree course at an educational sponsor in the UK. The University will produce a CAS for you and email your CAS number and CAS statement.</p>
<p><b>07</b> <b>Arrange your finances</b></p>	<p>You will need to arrange for the remainder of your fees (minus the £3,000 deposit) and living costs to be in your bank account for 28 days. You will also need to pay a healthcare surcharge, which is currently £150 per year. You can find out more information and pay this charge online at: <a href="http://gov.uk/">gov.uk/</a></p>
<p><b>08</b> <b>Apply for a visa</b></p>	<p>Once the money has been in your account for 28 days and you have paid the healthcare surcharge, you can apply for the Tier 4 (General) student visa.</p>
<p><b>09</b> <b>Credibility interview</b></p>	<p>You may be invited to attend a credibility interview with the Home Office.</p>
<p><b>10</b> <b>Arrange your travel</b></p>	<p>Once you receive your visa, you can book your travel to the UK. See you in Wolverhampton! Make sure you arrive in time for our International Welcome Week!</p>
