MISSION STATEMENT

"London College of Business Sciences will meet learner aspirations through excellence
in education and training"

Message from Chairman of Board of Governance

In taking over as Chairman, I have a hard act to follow. Ian Fleming's task was to establish a secure foundation for college governance and to see that the Board delivered on its purpose. I am grateful for the work he did over his two years in office.

My tasks will be to consolidate that base and, with the Board and senior management team, support the growth of the college. A key feature of such growth must be that it follows secure and manageable paths, providing high-quality courses and tuition, anchored within the frameworks of reputable external bodies, such as the QAA. In doing this, we shall ensure an ever-increasing flow of graduates, proud to hold qualifications earned at LCBS.

I look forward to working with the college.
