ART AND DESIGN

A postgraduate degree in an Art and Design course is an opportunity to develop your skills and push the boundaries of your creativity, while also establishing the foundations of a rewarding career.

The University of Sunderland's School of Art and Design offers postgraduate degrees in Design, Fine Art, Glass and Ceramics, and Photography. We are a friendly and supportive community of academic staff and students, who work within an ethos of collaboration.

CID Code: **See overleaf**

Duration: **See overleaf**

Classification: **MA**

Location: **City Campus, Sir Tom Cowie Campus**

OUR ART AND DESIGN COURSES

As a postgraduate student in an Art and Design discipline, you will have access to generous industry-standard facilities and workshop space. Depending on your discipline you will be based at the Priestman Building, Northern Centre of Photography, or National Glass Centre. Each building is a dedicated facility for its discipline, allowing you the space and freedom you need to achieve your best work.

Research is an extremely important part of the School of Art and Design and it informs the content of our courses. We have a number of specialised research groups in new media, glass and ceramics, photography, fine art and design.

We use a variety of teaching and learning methods which include lectures, seminars, critiques, workshops and practical demonstrations. These are supported by a range of guest speakers from diverse academic and industry backgrounds. As a postgraduate student you will also have high levels of support from tutors who give regular feedback and guidance.

WHY US?

- **Elements of our research in Art and Design were judged to be 'world-leading' by the latest Research Excellence Framework**
- **Postgraduate courses allow you to explore your professional aspirations and interests**
- **Visiting lectures and workshops from industry speakers and other related organisations will support your learning**
- **Generous industry-standard facilities and workshop space**
- **95.3% of our graduates are in employment or further study within six months of graduating, according to DHLE 2016/17 (based on UK postgraduate students)**

MA DESIGN

CID Code: CID156 Full-Time, CID381 Part-Time

Duration: 1 Year Full-Time, 2 Years Part-Time

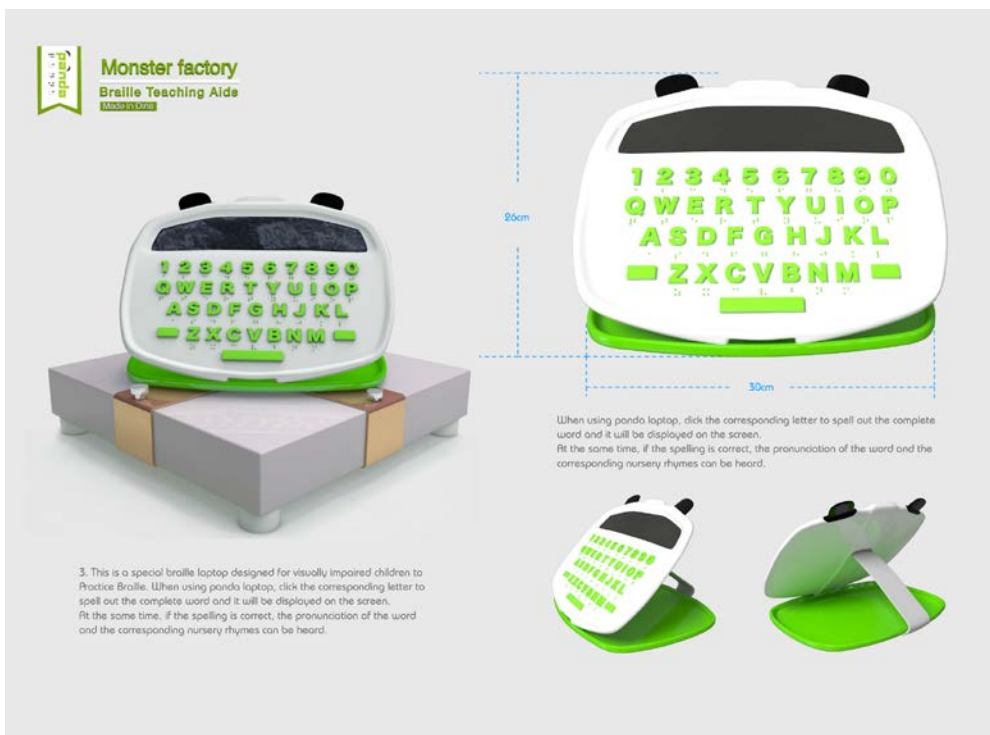

Location: Priestman Building, City Campus

Pursue your passion for particular areas of design at an advanced level and with professional support. Contextualise your chosen areas within the broader field of design with theoretical elements. Join our graduates in exciting jobs throughout the design industry and around the world.

This course is built around your personal design interests and aspirations. It allows you to push the boundaries of creativity, within a framework of academic rigour and contextual research. You can choose to study any of the following areas: advertising, animation, calligraphy and lettering, creative computational design, design thinking, innovation and ideation, fashion design

and promotion, graphic communication, graphic design, illustration, interactive media, motion graphics, typographic design. Other specialised disciplines will also be considered.

Our specialist tutors will work with you as you create a portfolio of creative designs that will excite and impress potential employers. By the end of the course, you will have completed a major project that has evolved from your practice and research. The project will be supported by a critical evaluation report.

Jing Ding, *Teaching Tools for Visually Impaired Children*, 2018

MA FINE ART

CID Code: CID115 Full-Time, CID378 Part-Time

Duration: 1 Year Full-Time, 2 Years Part-Time

Location: Priestman Building, City Campus

Pursue your passion for fine art at an advanced level and with professional support. Push the boundaries of creativity, within a framework of academic rigour and contextual research. Tackle issues that face fine art professionals and boost your employability.

This course is built around your personal interests and aspirations and aims to stretch your creativity. We will encourage you to develop your personal practice through research, critiques, analysis and questioning.

At Masters level, the specialisms of tutors are an important factor. Sunderland's research expertise includes painting, printmaking, studio-based drawing and collage, sculpture, collaborative practice, art in architecture, video and digital art.

“IT WAS THE PERFECT OPPORTUNITY FOR ME, I GET THE SPACE I WANTED, FEEDBACK FROM EXPERTS, AND AT THE END OF A YEAR A QUALIFICATION I’VE ALWAYS DREAMED OF.”

**TAMARA SHAW
MA FINE ART GRADUATE**

We organise field trips and visits to galleries and art events throughout the UK. Destinations have included cities such as London, Edinburgh and Liverpool. There also may be opportunities to visit international venues. Assessment methods include reports, essays, your portfolio of work and the final exhibition.

MA GLASS AND CERAMICS

CID Code: CID175

Duration: 1 Year Full-Time, 2 Years Part-Time

Location: National Glass Centre, Sir Tom Cowie Campus

Develop a specialism in glass or ceramics using the outstanding facilities at National Glass Centre. Establish yourself as a professional artist.

This course is for individuals who wish to develop both their practice and critical understanding with regards to glass and ceramics. The subject is explored and contextualised in its widest sense through both practical and theoretical investigation and application.

We do not have a 'house style', instead you will be encouraged and supported to develop your own focus, independent creativity, improve your technical skills through expert support, and develop academic skills in research and communication.

During the course we encourage you to gain industry experience which will enhance your skills, build up a valuable network of contacts and boost your employability. This experience can take the form of working on live commissions, entering competitions and exhibiting work in public exhibitions.

Iris Churcher, *The Stella Jay Arrives*, 2018

**“I WAS SURPRISED
AND EXCITED BY THE MA,
AND GAINED CONFIDENCE
AS A CERAMIC ARTIST.”**

**IRIS CHURCHER
MA GLASS AND CERAMICS GRADUATE**

MA PHOTOGRAPHY

CID Code: CID179 Full-Time, CID380 Part-Time

Duration: 1 Year Full-Time, 2 Years Part-Time

Location: Northern Centre of Photography, City Campus

Develop your individual style and explore photography as a means of creative expression. Implement, research and extend your practical and intellectual skills across the spectrum of photography, digital imaging and video. Create an impressive portfolio of work and explore different possibilities for public presentation of your work including online and gallery exhibition.

The course is tailored to your individual interests and allows you to develop a professional base for your future career. By the end of the course, you will have prepared a substantial portfolio of creative and written work and participated in a public exhibition.

You will study at the Northern Centre of Photography, an international hub for photographic practice and theory, where you will be supported by tutors who are all research active photographers, writers and curators.

You will have the opportunity to meet established practitioners and hear about their work and careers and you will be encouraged to join the North East Photography Network (NEPN). NEPN works with international photographic partners, artists and curators to provide fresh perspectives, lively debate and professional opportunities.

MODULES

60 credits per Stage	MA Design	MA Fine Art	MA Glass and Ceramics	MA Photography
Stage 1 (Postgraduate Certificate)	Design Studies 1 Proposal Stage (60 credits)	Contextual Studies: Critical and Professional Contexts in Art and Design (30 credits)		
		Contemporary Fine Art Studio Practice: Test it (30 credits)	Experimentation in Glass and Ceramics (30 credits)	Practice-led Exploration (30 credits)

		Contemporary Fine Art Professional Practice: Digital Document (30 credits)	Developing Practice in Glass and Ceramics (30 credits)	
Stage 3 (Masters Degree)	Design Studies 3 Final Production Stage (60 credits)	Contemporary Fine Art Research Project: Reflect (30 credits)	Contextual Studies: Research Project in Glass and Ceramics (30 credits)	Exhibition (30 credits) Research Project (30 credits)
		Contemporary Fine Art: Exhibition (30 credits)	Synthesis in Glass and Ceramics Practice (30 credits)	

If you choose to study our Masters courses full-time, you will complete all three stages in one year. If you study our Masters courses part-time you will complete all three stages in two years and will study alongside full-time students during the daytime.

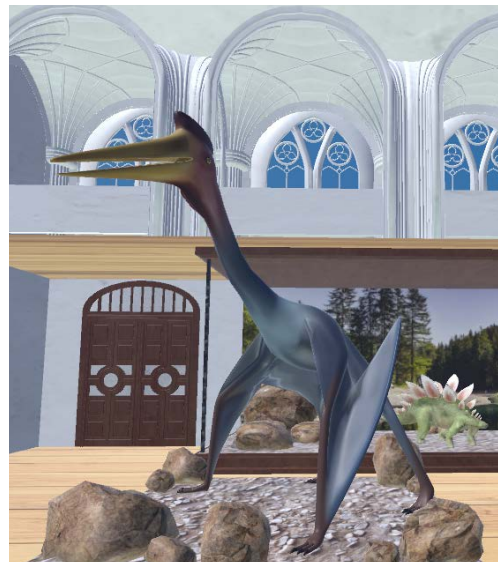

CAREERS

Postgraduates are highly employable and, on average, earn more than individuals whose highest qualification is an undergraduate degree. Our graduates have forged careers across the globe in the creative industries including publishing, design consultancy, arts development, public arts and as independent artists. A Masters degree will enhance career opportunities within higher education and prepare you for further postgraduate studies.

ENTRY REQUIREMENTS

We usually require applicants to hold a good honours degree (2:1 or above) in an art or design discipline. We may also consider applicants who have relevant experience and who can demonstrate their suitability for their course.

If English is not your first language, go to www.sunderland.ac.uk and find your course by entering the course ID number in the search box and click on the English language link under entry requirements.

BUSINESS, MANAGEMENT AND FINANCE

As a postgraduate student at Sunderland Business School, you can expect to gain real-world business experience and excellent pastoral support. The ongoing success of our graduates is evidence that Sunderland Business School is an excellent choice if you are serious about developing your career.

Graduates from Sunderland Business School now work at the highest levels both in the UK and abroad, placed in companies that recognise the value of such a prestigious qualification. Our vision is to equip you with the skills, knowledge, experience, confidence and network you need to realise your career ambitions, anywhere in the world.

CID Code: **See overleaf**

Duration: **See overleaf**

Classification: **MSc/MA**

Location: **Sir Tom Cowie Campus**

WHY US?

- **'World-leading' research in Business, according to the latest Research Excellence Framework (REF)**
- **Sunderland Business School is a member of The Chartered Association of Business Schools**
- **Many of our courses are accredited by professional bodies including CMI, CIM, CIMA and ACCA**
- **Our curriculum is underpinned by excellent industry links and you will have opportunities to connect with high profile business leaders as part of the guest speaker programme**

MSc FINANCE AND MANAGEMENT

CID Code: CID1167

Duration: 1 Year Full-Time

MSc Finance and Management is suitable for people with an undergraduate degree in finance and management who want to develop their knowledge, and also for people who have experience of working in management and want to specialise in finance.

You will focus on financial control, financial statements and financial markets, cross cultural management, global corporate strategy, and training in leadership. Your Masters dissertation will focus on a topic that will be agreed between yourself and your tutor, based on your career aspirations.

ENTRY REQUIREMENTS

To apply for this course you will need a 2:2 honours degree or equivalent.

MSc HUMAN RESOURCE MANAGEMENT (CIPD ACCREDITED)

CID Code: CID125

Duration: 1 Year Full-Time

This degree is accredited by the Chartered Institute of Personnel and Development (CIPD) and the Society of Human Resource Management (SHRM), and when you successfully complete the course you will be eligible for professional membership of the CIPD.

The content of the Human Resource Management (CIPD Accredited) MSc is closely based on the CIPD Professional Map, which covers the whole spectrum of human resource management and development. The ten areas covered are: insights, strategy and solutions; leading HR; organisation design; resourcing and talent planning; learning and development; performance and reward; employee engagement; service delivery and information and employee relations.

ENTRY REQUIREMENTS

To apply for this course you will need a 2:2 honours degree or equivalent.

MA INTEGRATED MARKETING COMMUNICATIONS

CID Code: CID1279

Duration: 1 Year Full-Time

Boost your career options in marketing, communications, PR, advertising or branding. Use your new knowledge and skills to make a positive difference to your organisation or set up your own agency or consultancy firm.

This course is for those that wish to work or develop their careers in marketing management, marketing and communications, branding, integrated marketing, PR or advertising. The course delivers an innovative student experience that links and integrates theory and practice in three disciplinary areas. You will have the opportunity to engage and study contemporary practice and examine the theoretical developments and latest thinking in integrated marketing communications.

The course includes module accreditation by the Chartered Institute of Public Relations and affiliation to the Chartered Institute of Marketing.

ENTRY REQUIREMENTS

To apply for this course you will need a 2:2 honours degree or equivalent.

MSc INTERNATIONAL BUSINESS MANAGEMENT

CID Code: CID1280

Duration: 1 Year Full-Time

MSc International Business Management is for those that want to progress their career in international business and management anywhere in the globe. The course will strengthen your critical understanding of the international business environment, trade and strategy. Guest speakers and expert tutors bring their knowledge of employability and the requirements of business in a global context.

You will explore international trade, strategy, strategic foresight, leadership skills, business analytics, marketing management and cross cultural management. You will also be guided in your final piece of work; a dissertation on your chosen international business management topic.

ENTRY REQUIREMENTS

To apply for this course you will need a 2:2 honours degree or equivalent.

MA MARKETING

CID Code: CID674

Duration: 1 Year Full-Time

To prepare you as a marketer in the digital age, our MA Marketing course aims to move beyond the 4Ps of product, place, price and promotion you may previously have heard about. Today we think about issues including new relationships, customer experience, co-creation activities and consumer tribes. We challenge you to consider if traditional marketing theories are fit for purpose in the new contexts that the digital age is creating?

MA Marketing is recognised by The Chartered Institute of Marketing (CIM) – the world's largest association of marketing professionals. You will become an Associate Member of the CIM during the course, with guest lectures linked to career development.

This degree course assumes no initial knowledge of marketing, and is therefore ideal for you if you want to convert from another subject area, or if you have some knowledge of marketing or relevant work experience and want to develop this further.

ENTRY REQUIREMENTS

To apply for this course you will need a 2:2 honours degree or equivalent.

“THE UNIVERSITY HAS BROUGHT A WAVE OF INSPIRATION INTO MY LIFE. SUNDERLAND BUSINESS SCHOOL HAS A FRIENDLY ATMOSPHERE, AN ABUNDANCE OF MODERN RESOURCES AND EXPERT ACADEMICS THAT ALL FORM A BASIS FOR YOUR PERSONAL AND PROFESSIONAL SUCCESS IF YOU ARE WILLING TO HAVE PATIENCE, WORK HARD AND HAVE A GREAT DESIRE TO GET A DEGREE.”

MSc DIGITAL MARKETING AND DATA ANALYTICS

CID Code: CID1287

Duration: 1 Year Full-Time

MSc Digital Marketing and Data Analytics introduces you to contemporary marketing theory and practice, emphasising digital marketing as central to marketing practice today. The course assumes no previous knowledge of marketing but does require knowledge of computer programming. You will have the opportunity to study digital marketing and data analytics theory and practice in-depth. The course draws on the latest marketing research to provide you with a highly-practical postgraduate degree. You will also have the option to study topics such as social media, data visualisation, consumer research, and global marketing.

This degree is ideal for computing or marketing graduates who wish to specialise in digital marketing or for professionals in other fields who want to further their careers as highly-qualified digital marketers.

ENTRY REQUIREMENTS

To apply for this course you will need a 2:2 honours degree or equivalent.

SUNDERLAND, LONDON, HONG KONG -
WE'RE LOCAL, NATIONAL AND GLOBAL

TEF Silver

AWARDED SILVER
IN THE
TEACHING EXCELLENCE
FRAMEWORK

YOU'RE THINKING OF STUDYING A POSTGRADUATE COURSE AT THE UNIVERSITY OF SUNDERLAND

A postgraduate qualification enhances your employability and increases your career opportunities and earning potential. We offer postgraduate courses and research opportunities across a diverse range of disciplines. You will work alongside academics who are leaders in their fields, have access to excellent facilities and the opportunity to participate in the creation of knowledge through our collaborative approach to reason.

By embarking on your postgraduate journey at Sunderland, you are making a fundamental investment in your future.

READY? LET'S DO IT.

ANNE-MARIE LACEY

MA Public Relations

Managing Director of Filament PR

“

I chose to study at Sunderland because it was accredited by the Chartered Institute of Public Relations and one of the course leaders had written many of the textbooks on the reading list and was a thought-leader in social media. The University has great links into industry too, so you're building your professional network before you even graduate.

It's crazy to think how far I've come in just six years since graduating. I've gone from being an account executive, to PR manager, then heading up the communications and content division of an integrated agency, before launching my own PR consultancy in 2016. I am now Managing Director of Filament PR, specialising in PR and marketing communications for brands in the lifestyle, leisure and entertainment sectors.

Last year I was named the CIPR's national Outstanding Young Communicator at the Excellence Awards and I'm also acting chair of the regional group. I'm now a Chartered PR practitioner and when I'm not working for clients, I teach the social media module on the MA PR degree at the University of Sunderland (back where it all started), as well as being a dissertation supervisor for another north east university.

If you're thinking of studying here? Do it – you won't regret it! Studying at the University of Sunderland could be the first step on a very exciting career ladder for you.

”

WHY POSTGRADUATE STUDY?

GRADUATE LABOUR MARKET STATISTICS 2017

FROM THE DEPARTMENT
OF EDUCATION SHOW THAT
POSTGRADUATES EARN ON
AVERAGE £6,000 A YEAR MORE
THAN THEIR UNDERGRADUATE
COUNTERPARTS

If you're looking to further your skills and knowledge in your field; to progress more quickly in your chosen career; earn a higher salary; or choose a new career path, postgraduate study could be for you. Studying at postgraduate level comes with many benefits and is the perfect way to enhance your prospects. A postgraduate course requires a high level of commitment and focus, something which employers value greatly. As more and more people enter the workforce with an undergraduate degree, you could stand out from the crowd by having a postgraduate qualification. You should also consider the fact that some careers require further study, and so you may need a postgraduate qualification to work in a particular role.

Postgraduate study is also an excellent way to start a brand new career: for example, many people choose to make the transition from learner to teacher by studying a Postgraduate Certificate in Education (PGCE). You could also choose from a range of conversion courses to enable you to study a masters degree in a brand new subject.

You may be coming to the end of your undergraduate studies and want to enhance your knowledge in your chosen subject. Whether you choose to study a taught course or focus on a research degree, you will improve your skills in critical thinking and analysis, as well as deepen your understanding of a subject that interests you.

POSTGRADUATE STUDY AT SUNDERLAND

The University of Sunderland received a 'Silver' award in the Teaching Excellence Framework ranking it alongside other high-performing universities such as Warwick, Sheffield, Manchester and Bristol. You can therefore be sure of a high quality of teaching across our postgraduate courses, as well as access to excellent facilities, including state-of-the-art teaching and learning spaces, the Living Lab, the nationally recognised National Glass Centre and the professionally supervised Law Clinic.

Many of our taught postgraduate courses are a year in length, which means that in a short space of time, you will be well placed to aim higher on the career ladder. Class sizes are small, allowing for 1-2-1 staff and student interaction and a stronger focus on your work. You will grow in confidence and become much more independent, especially when working on your masters project; a real world research assignment undertaken with the support of a sponsor.

At Sunderland, our aim is for you to graduate with enhanced skills and knowledge, further experience and the professional contacts you need to achieve your career goals. Join the University of Sunderland, and join a friendly community of like-minded staff and fellow students.

PARKING
Parking is free to permit holders from 5pm until 8am the next day during the week, and all weekend.

PART-TIME AND DISTANCE LEARNING STUDY

Here at Sunderland we understand that studying a postgraduate course is a big step and combining your studies with family or work commitments is an impressive balancing act! That's why we offer a range of flexible learning opportunities to fit in with you and your life.

Many of our taught postgraduate courses are available on a part-time basis, allowing you to work towards your masters qualification whilst working full-time or managing family commitments. Usually, this means a full-time course that would take one year to complete would take two years to complete if studied part-time. You would study alongside full-time students and receive the same level of teaching and use of the facilities - meaning you get the full student experience, with all of the advantages of part-time study.

We're even flexible with our full-time courses; some are taught during the evening, so you can work during the day and study at night. This option is hard work, but may suit some students who wish to complete their course in a year. Our supportive tutors will ensure you can manage your workload and you can even choose to switch to part-time study later on, if you find this suits you better.

Alternatively, you may choose to join our online community and study a distance learning course. This option allows you to study anywhere in the world and while in employment. Our distance learning teaching methods include web-based reading materials (which are also printable), e-books, e-journals, multimedia and e-discussions. Our tutors are experienced in delivering distance learning provision, so you can always be sure that you are supported throughout your studies.

To find out which of our courses are taught part-time or distance learning, see our website and search for your chosen course: sunderland.ac.uk

**HANNEKE AND
OCTAVIAN LAZIN**

**Masters in Business
Administration**

**Business Owners,
Adjust Your Auto**

Hanneke and Octavian Lazin married in 2013 while both studying their first degrees at the University of Sunderland. When they decided to set up their own business, they naturally came back to Sunderland to both study for a Masters in Business Administration.

“

There's been so much we've been able to take from the MBA which has added so much value to our business. The University of Sunderland has so many students from around the world, and it's been a real platform for our business. We both have our strengths and we work well together. We're able to communicate now more easily about the business, and we both love cars – which helps!

We've studied here, we live here and it's something we'd really like to bring to the city.

”

“

I am currently an IT Technician at the University of Sunderland and decided I wanted to expand my knowledge of computer science so I could further my career. My Bachelor's degree is in music, so I knew that to get to where I want to be, I would need to study MSc Computing - a conversion course which is designed for people who have no formal computing qualifications or computing background. Working at the University of Sunderland meant choosing to study here was an easy choice to make - I could finish work at 5pm and go straight to my lectures which were in the evenings.

My aim is to get into software engineering after graduation and I am also interested in human-robot interaction, which my masters project focuses on.

”

DANIEL DIPPER
MSc Computing

**Current Student and IT Technician
at the University of Sunderland**

GRADUATE RESEARCH AND PHDS

Our research has been classified as ‘world-leading’ and ‘internationally excellent’ in ten academic areas by the latest Research Excellence Framework (REF). Research degrees are the highest level of degree awarded by UK universities. If you want to research an area of interest and make an original contribution to existing knowledge, then a research degree provides the ideal framework to pursue your aims.

All of our research degrees are designed to develop a deeper understanding through original investigation and to generate new knowledge, and each degree is unique, as it is built around your personal research on a topic of your choice. We offer the following:

- Master of Philosophy (MPhil). This research degree is well-regarded and is excellent preparation for a PhD.
- Doctor of Philosophy (PhD). A PhD is the ‘ultimate’ academic qualification for those committed to research and discovering new knowledge.
- Professional Doctorate (DProf) is a work based degree and is centred around major practice development. If you follow a business or education route you could be awarded the Doctorate of Business Administration (DBA) or Doctorate of Education (EdD). This degree includes an 18 month taught element.
- PhD by Existing Published or Creative Work. This route is open to academics whose articles have been published.
- Higher Doctorate - Doctor of Science (DSc), Doctor of Letters (DLitt), Doctor of Technology (DTech) and Doctor of Law (LLD) are for people who are leading authorities in their field of study.

RESEARCH SUPPORT

You will work closely with a supervisory team consisting of a Director of Studies (lead supervisor) and at least one additional co-supervisor based at the University. Your supervisor will play a vital role in advising and supporting you. In addition, each faculty has a Research Student Manager (RSM) who is responsible for all matters relating to your needs. Your RSM will support you with everything from registration to graduation.

APPLY

We welcome applications from students with a wide variety of backgrounds and offer supervision in numerous subject areas. You can make an application for a research degree through our website: sunderland.ac.uk/study/postgraduate-research/

LOANS

Government-funded Postgraduate Doctoral Loans of up to **£25,000** are available to help you fund your PhD. For more information visit: gov.uk/doctoral-loan

CONTACT THE TEAM

For further information on Graduate Research and PhDs, please contact the Graduate Research Support Team:

Email: grs@sunderland.ac.uk
Tel: **0191 515 2072**

SHORT COURSES AND CONTINUOUS PROFESSIONAL DEVELOPMENT (CPD)

We offer a range of short courses for people who don't have the need for a full undergraduate or postgraduate qualification. We also offer a number of CPD courses for working people.

The Corporate and Professional Education (CaPE) team at Sunderland have an extensive and varied background which enables them to work with you to fully understand your requirements. They can support you with your application or develop and tailor courses to meet the needs of individuals.

CONTACT THE TEAM

For further information on our short and CPD courses, please contact the CaPE team:

Email: cape@sunderland.ac.uk

Tel: 0191 515 2857

FEES AND FUNDING

A postgraduate degree increases your earning power and enhances your career prospects, but we understand that postgraduate study can be expensive. We're here to support you as you make an investment in your future, and we offer generous fee discounts to make your postgraduate study all the more affordable.

HOW MUCH DOES MY COURSE COST?

Course tuition fees vary, depending on whether you are a home/EU or international student, and are tiered, based on the course you are studying. It also depends if you are studying a course full-time, part-time, or by distance learning. Home/EU fees can range from £6,000 up to £11,500 for full-time taught courses, while part-time courses are priced per 10 credits.

To find out how much your course costs, visit our website. The tuition fee is shown on the top bar of each course page.

CAN I GET A STUDENT LOAN FOR POSTGRADUATE STUDY?

If you're starting a Masters or PhD course you may be entitled to a government-backed loan from the Student Loans Company. If you've lived in England or the EU for at least three years prior to starting your course, and are under 60 years of age, you could benefit from the postgraduate loan of up to £10,609. There's no need to start making repayments until you're earning £21,000 or more. For more information see the government's website: [gov.uk/postgraduate-loan](https://www.gov.uk/postgraduate-loan)

HOW DO I PAY MY TUITION FEES?

We offer a range of flexible payment options. As well as making payments online and in person, you have the option to pay by bank transfer or by post.

For more information on fees, payments and financial support visit our website.

AM I ENTITLED TO ANY SCHOLARSHIPS OR DISCOUNTS?

ALUMNI LOYALTY SCHEME

If you are a University of Sunderland graduate (alumni) you will be awarded a generous tuition fee discount if you return to study a postgraduate course* with us.

As a home/EU graduate enrolling onto a full or part-time postgraduate course, you will receive 20% off your tuition fee, in the form of cash back in February or June** (depending on the month of your enrolment). If you're an international graduate you receive a 20% tuition fee discount which is automatically deducted from the total fee amount.

For full terms and conditions and eligibility, please visit our website: sunderland.ac.uk/scholarships and scroll down to Alumni Loyalty Scheme.

INTERNATIONAL STUDENT SCHOLARSHIPS

All international students studying a taught, postgraduate course will benefit from a £1,000 scholarship in the form of a tuition fee discount which is automatically deducted. International research degree students are awarded a £1,500 discount.

STUDENT FINANCIAL GUIDANCE TEAM

If you want to talk to someone confidentially about how to finance your postgraduate study, why not contact our Student Financial Guidance team. Also check out the Postgraduate Funding section on their website: sj.sunderland.ac.uk/studentfinancialguidance/

STUDENT DISCOUNT

As a postgraduate student you can join the NUS for as little as £12 a year and get access to a huge range of in-store and online discounts.

*Excluding PGCE's. **If you are still enrolled as an active student at this time.

SUPPORT

GATEWAY

The Gateway is the first place to go for any kind of information about the University. From the moment you join us to the moment you graduate, the Enquiries team are often the first and last people you'll see during your time with us and are some of the friendliest people you'll ever meet.

There's an enquiry desk at both our City Campus and Sir Tom Cowie Campus at St Peters where one of the team will take the time to resolve your query. With the help of Compass, our dedicated student enquiry system, you'll be kept up-to-date at every stage of your enquiry.

sunderland.ac.uk/gateway

LIBRARY SERVICES

Our University Library Services offer a range of personalised and accessible services, spaces, and support across our learning community. We provide customised resources that blend digital and print that support teaching, learning and research both on and off campus. As everyone's learning needs are different and ever changing, we offer appropriate flexible learning spaces in varied environments.

LIBRARY OPENING HOURS

Our libraries can be accessed out of hours using your campus card. To find out more visit: library.sunderland.ac.uk/about-us/opening-hours/

STUDENT WELLBEING SERVICE

We recognise that starting University can be a daunting, sometimes overwhelming experience and we are here to support you so that you can make the best of your studies and enjoy your student experience.

Our Wellbeing Service is here to support you along your student journey, by providing tailored support to address your needs. It's entirely free and confidential and is here to enhance your wellbeing needs, be they physical, spiritual, mental or emotional.

Services include:

- General wellbeing advice and support
- Therapeutic counselling
- Cognitive behavioural therapy
- Mental health support
- Group work
- Sexual health service (C-Card and STI testing)
- Referrals and signposting
- Campaigns and health promotion
- 24/7, online, self-help programmes, providing space from depression, low mood, stress and supporting positive body image:

sunderland.ac.uk/silvercloud

CHAPLAINCY

The Chaplaincy service is part of the Wellbeing team. The Chaplaincy offers information on the many different places of worship in the area and encourages and supports students and religious groups of all faiths and denominations. The University has a full-time Chaplain who coordinates a multi-faith team and runs activities for all who wish to explore or affirm their faith. We have prayer facilities at each of our campus sites: Shackleton House at City Campus, and the Interfaith Centre at the Sir Tom Cowie Campus. From mindfulness sessions to Chaplaincy support, get in touch via chaplain@sunderland.ac.uk

TAKE GOOD CARE OF YOU AND CONTACT THE TEAM

Email: wellbeing@sunderland.ac.uk

Tel: 0191 515 2933

sj.sunderland.ac.uk/wellbeing/

DISABILITY SERVICES

The Disability Support team provide a confidential service to you if your disability or condition has an impact on how you study and learn. You can meet with a disability support adviser to talk about your learning support requirements and discuss what can be put in place to meet your needs.

The team work with disabled students with mental health conditions; autistic students and students with asperger's syndrome; sensory impairments; specific learning difficulties, such as dyslexia and students with long-term health/medical conditions. Disability support advisers are happy to discuss any area of learning support with you. We encourage you to get in touch as soon as possible, including in advance of starting University, even if you're unsure if you are eligible for this service.

The team can also advise on how you apply for Disabled Students' Allowance (DSA).

sunderland.ac.uk/disability

CHILDCARE - ST MARY'S

CHILDCARE CENTRE

The University of Sunderland Childcare Service is open to students, staff and the general public, who can all take advantage of the excellent staff and facilities at St Mary's on Chester Road. Our aim is to work in partnership with parents to provide high-quality education and care, which has been recognised by our 'Outstanding' Ofsted award.

sunderland.ac.uk/childcare

ACCOMMODATION

Our rent prices are among the cheapest in the UK, with the added benefit of including all your utilities, internet and personal possession insurance. All of our accommodation is self-catered with fully equipped kitchens, onsite laundry facilities and a guaranteed 50Mbps internet connection. We have four student accommodation options available, all located within 1.5 miles of the city centre. We guarantee accommodation for all full-time postgraduate students if you decide to live with us. We can also cater for families and couples with our fully furnished family houses and couples flats. The free campus bus service also provides travel across the two campuses and to/from each accommodation site. See our accommodation for yourself at a postgraduate open day (see page 19).

sunderland.ac.uk/about/accommodation/benefits/

CATERING

We have several brand new catering facilities at both City Campus and the Sir Tom Cowie Campus, with varied menus to suit all tastes.

Both sites have facilities that are open until 9pm (The Riverside at the Sir Tom Cowie Campus and The Studio at City Campus) - perfect for grabbing a bite to eat while you study in the evenings.

CAREERS ADVICE

At the University of Sunderland our relationship with you doesn't end at graduation. Sunderland graduates can access services from Sunderland Futures for up to three years after graduation. We offer:

- Individual advice and guidance regarding your career options and choices
- 1-2-1 careers appointments
- Access to our online vacancy service advertising jobs and opportunities with regional, national and international employers
- CV and application support
- Unique and interactive coaching for interviews and assessment centres
- Opportunities to attend employer-led events, including our Graduate Recruitment Fair. This is the University's biggest careers event and is your opportunity to meet 70+ employers and discover jobs, placements and internships; options for postgraduate study; advice on starting your own business; voluntary work opportunities; temporary jobs and more
- Access to free, online resources including practice aptitude tests, video interviews and 'GoInGlobal' - a resource advertising job opportunities and internships across the world

OPEN DAYS

Find out why we're a truly life-changing University by visiting us at an open day and see for yourself what Sunderland really has to offer.

Get an insight into the course that interests you, go on a campus tour, view accommodation and find out about our support services.

**OUR 2019 POSTGRADUATE
OPEN DAY DATES ARE:**

WEDNESDAY 13 FEBRUARY

WEDNESDAY 13 MARCH (UG AND PG)

THURSDAY 18 JULY

All 3pm-6.30pm

For campus location and to register for these events visit: sunderland.ac.uk/open-days/

If you cannot make one of our dates, take a virtual open day tour or we can give you an individual tour.

FREQUENTLY ASKED QUESTIONS

You know how the old saying goes - "There's no such thing as a silly question". Here at Sunderland we believe these questions are key, after all, what is important to you is important to us. To ease any concerns you might have about studying as a postgraduate student, here are a few commonly asked questions:

AM I TOO OLD? I BET I'M THE OLDEST PERSON ON MY COURSE!

I bet you're not! Education doesn't end at 21- we have students of all ages studying together and sharing experiences. In 2017, of the students who enrolled on a postgraduate course at the University of Sunderland, over a quarter were aged 30 or over. And did you know the oldest person to receive a masters degree was in their 90's? You're never too old to learn something new - this is your moment!

I'VE BEEN OUT OF EDUCATION A LONG TIME. HOW WILL I COPE WITH MY WORKLOAD AND ASSIGNMENTS?

Our supportive tutors will guide you through your studies, and you will be allocated a supervisor who will oversee your masters project. We also have several services who can support you in your learning, such as the University Library, whose services include providing welcoming, flexible learning spaces on both campuses; a wide range of resources, both online and on campus; and various 'skills for learning' support sessions. Plus, our Student Wellbeing service are on hand to enhance your wellbeing needs, be they physical, spiritual, mental or emotional.

RYAN MARSHALL

MSc Sport and Exercise Sciences

PhD Student at the University of Birmingham, Centre for Musculoskeletal Ageing Research

“

You get what you put into university. If you are a motivated student, the staff at Sunderland will get the most out of you and really push you.

Small group sizes allow for friendly student/staff interactions and debate. As you spend a lot more time independently running experiments in the labs, you start to develop a closer bond with the members of staff and begin to feel like a colleague rather than a student.

I had full access to state-of-the-art equipment and sports science labs; physiology, human performance labs, biomechanics, sports injury and a fully kitted out gym.

”

A GUIDE TO POSTGRADUATE STUDY

HOW CAN I MANAGE MY STUDIES WHILE WORKING/SUPPORTING MY FAMILY?

We offer several flexible learning opportunities, including part-time and distance learning options, enabling you to balance your studies alongside your other commitments. See page 8 (Why Postgraduate Study) for further information about flexible learning.

CAN I AFFORD TO STUDY A POSTGRADUATE COURSE?

If you're starting a Masters or PhD course you may be entitled to a government-backed loan from the Student Loans Company. See page 14-15 (Fees and Funding) for further information about postgraduate student financial guidance.

WHAT WILL MY TIMETABLE BE LIKE? I NEED TO PLAN AROUND WORK/FAMILY.

Timetables vary, depending on the course you are studying, and whether you are studying full-time, part-time, or distance learning. Timetables are usually confirmed a few weeks before your course starts, but you can get an idea of the contact hours by requesting to see an example of the current or previous year's timetable. Plus, with our flexible learning opportunities, some courses will allow you to swap to another mode of study, if you find this suits you better.

CAN I STILL APPLY FOR STUDENT ACCOMMODATION, OR IS THIS JUST FOR UNDERGRADUATE STUDENTS?

We guarantee all full-time postgraduate students accommodation if you decide to live with us. We can also cater for families and couples with our fully furnished family houses and couples flats. See page 17 for further information about our Student Accommodation.

I WANT A COMPLETE CAREER CHANGE. WHAT OPTIONS ARE THERE FOR ME?

You may be interested in studying a conversion course; this is a particular type of Masters degree that is designed for students whose first degree is in a completely unrelated area. It's perfect for

people who want to change their career or pick up skills in a new area. The entry requirements can vary, but usually we require a 2:2 honours degree in any discipline unrelated to the conversion course. We also consider applicants with other backgrounds and experience. Examples of conversion courses we offer are MSc Computing, MSc Psychology, and most of our business postgraduate degrees.

I WOULD LOVE TO DO A PHD, BUT I DON'T HAVE A MASTERS DEGREE. WILL THIS HOLD ME BACK?

You don't actually need a Masters degree to do a PhD. It is possible to progress straight from a bachelor honours degree (or equivalent qualification). We will also consider candidates with other qualifications, looking at evidence of academic ability, such as published work.

NEED MORE INFORMATION?

Why not speak to our friendly Student Helpline:

Tel: 0191 515 3000

REBECCA EDWARDS
PGCE Primary Education
Primary School Teacher

“

I didn't want to go anywhere else; I studied my undergraduate degree here and was well supported so I knew the same support would be offered when studying a postgraduate degree. The University is vibrant and is committed to helping their students find successful careers.

The lecturers are very motivated and want their students to do well, enhancing your chances of gaining employment. It's a very hands-on course; you learn how to teach primary subjects, the theory behind children's learning and you're also filled with inspiration from the lecturers who have been teachers themselves. The best part about the course is being on placement, applying those learning theories to real-life situations in the classroom.

”
