ART AND DESIGN

Develop your core skills and critical thinking. Gain experience of the possible routes within art and design. Use the skills and confidence you acquire to progress onto an honours degree of your choice.

You will develop new ways of working through a range of experimental projects within Fine Art, Fashion, Visual Communication, Lens-Based Media, and Glass and Ceramics. This course gives you the opportunity to experience the full range of creative art and design subject areas, as well as gaining the research and study skills needed to progress further.

CID Code: **CID10** (Apply Direct)

Duration: **1 Year**

Classification: **Foundation Diploma**

Location: **National Glass Centre, Sir Tom Cowie Campus**

UCAS Points: **32**

The Foundation Diploma in Art and Design is an exciting one-year course that prepares you for degree level study in the creative arts. It is free for school-leavers aged 18 at the start of the course. Our four-year Integrated Foundation Year courses in art and design subjects may suit a wider range of applicants, including those 19 or over.

WHY US?

- **Successful completion of the course leads to an automatic place on an honours degree at Sunderland**
- **We are acknowledged as providing innovative teaching and learning, creating opportunities, in university level facilities, for students to work on live projects, alongside, and with, creative practitioners**
- **Our Foundation Diploma is ranked by Ofsted as 'Outstanding' in all areas**
- **We have a broad intake of students all offering different perspectives and approaches to art and design**

PORTFOLIO REQUIREMENTS

We are interested in your creative potential. Please prepare a portfolio of work you have created so far. Note, we are not looking for perfection as we appreciate you may still be developing the range of your work. Your portfolio should be simply organised and include:

- **A variety of work – we want to see a range of approaches**
- **Research: examples of various forms of investigation**
- **Photographs of 3D, and large 2D work**
- **A USB stick or online link with any digital and screen-based work**
- **Accompanied by any supporting work, sketch books and developmental pieces**

COURSE STRUCTURE

Teaching methods include practical studio-based work supported by lectures, seminars, workshops and tutorials. Experienced tutors will give regular feedback and support as your work progresses.

You will progress through this year developing skills that will assist you as you enter your chosen subject specialism. The Final Major Project is assessed to give your final grade, encouraging experimentation at all of the earlier stages of the course.

FACILITIES

This course is based at the National Glass Centre, a nationally recognised glass production and exhibition centre with world-class production facilities and a programme of international exhibitions and creative projects. You will also have access to Art and Design facilities across the institution including:

- Workshops for wood, metal and printmaking
- Large studio spaces and project spaces
- Digital studios with video, sound editing and screening facilities
- Several suites of Apple Macs
- Large format digital printing
- Arts and Design Library
- Digital sewing and embroidery facilities
- Photography studios, cameras and darkrooms
- Risograph printing
- Glass and ceramic kilns
- Hot glass workshop and two cold working studios for glass
- Students also have access to facilities within FabLab on campus, which includes laser cutters, routers, milling machines, vinyl cutters and 3D printers

MODULES INCLUDE

STAGE 1

Exploratory Stage (Rotations)

You will explore different ways of working and an exciting range of pathways including:

Fine Art

Animation

Visual Communication

Glass and Ceramics

3D Design

Fashion and Textiles

Lens-based Media

STAGE 2

Pathway Stage

You will choose an area you would like to pursue at degree level in response to the pathways you have experienced. At the same time you will develop a portfolio and a series of experimental outcomes to help present your work and research in a professional manner.

STAGE 3

Confirmatory Stage

Based on your experiences so far, and working with your tutors, you will develop a self directed project within your chosen pathway.

**“THE COURSE ALLOWS
YOU COMPLETE
FREEDOM TO EXPLORE
THE DISCIPLINE
FULLY, CULTIVATING
ORIGINALITY”
ADAM MCDADE**

ENTRY REQUIREMENTS

- 32 UCAS points
- Usually a requirement for three passes at GCSE grade C/4 or above (inc. Mathematics and English Language)
- Portfolio, interview

PROGRESSION

The large majority of our students progress from our foundation year to an honours degree. If you wish to continue to study at the University of Sunderland, you can choose from our range of courses in: Fine Art, Fashion, Graphic Design, Illustration, Animation, Glass and Ceramics, Photography, Film and Media Production.

BUSINESS, MANAGEMENT AND FINANCE

The world of business is constantly evolving. Business leaders of the future will have to demonstrate awareness of international markets, innovation, and adaptability for an ever-changing environment. Real world business is at the heart of our degrees and the University of Sunderland will equip you to be a multi-skilled graduate, ready to begin a rewarding and challenging business career anywhere in the world.

UCAS Code: **See overleaf**

Duration: **3/4 Years Full-Time**

Classification: **BA (Hons)**

Location: **Sir Tom Cowie Campus**

UCAS Points: **112**

"THE LECTURERS GIVE CONSTANT ENCOURAGEMENT, SUPPORT AND INSPIRATION. GOING ON A PLACEMENT ENHANCED MY KNOWLEDGE AND GAVE ME A GREAT START FOR MY FUTURE. I WOULD HIGHLY RECOMMEND STUDYING HERE."

**JENNA SPENCER
BA (HONS) BUSINESS AND HUMAN
RESOURCE MANAGEMENT**

The University of Sunderland offers the following full-time, 3/4 year business, management and finance courses:

- **BA (Hons) Business and Management (NN2C)**
- **BA (Hons) Business and Marketing Management (NN1N)**
- **BA (Hons) Business and Human Resource Management (NN1P)**
- **BA (Hons) Business and Financial Management (NN1H)**
- **BA (Hons) Business and Economics (NNE7)**
- **BA (Hons) Marketing (NN2A)**
- **BA (Hons) International Business (N120)**
- **BA (Hons) Accounting and Finance (with Professional Exemptions) (NN41)**

Many of our courses have gained recognition from relevant professional bodies. For example, our Business and Human Resource Management programme is accredited by the Chartered Institute of Personnel Development. Such recognition provides evidence of the quality of our courses; it can also secure exemptions from some professional exams to accelerate your move towards chartered status.

BA (Hons) Business and Management

BA (Hons) Business and Management is our most popular undergraduate business degree, and will give you a broad foundation in management, marketing, finance, operations and marketing in a digital world. When you graduate from this course you'll gain excellent skills and knowledge in all areas of business and management.

The course has a range of employability modules across all years which help you identify your strengths and aspirations, and plan for personal development.

BA (Hons) Business and Marketing Management

This course focuses on the skills and knowledge related to marketing, including marketing management, planning and strategy, marketing communications, consumer behaviour and internet marketing.

The course is accredited by the Chartered Institute of Marketing (CIM) and gives you exemption from its first two levels of study and certain modules at the Professional Diploma level.

Click on the icon to view the web version of the course you are interested in.

BA (Hons) Business and Human Resource Management

This course equips you with the skills and knowledge needed for the Human Resources function in modern organisations.

You'll cover a range of employability modules across all years which will help you to develop your skills within the key attributes required to work within Human Resources.

BA (Hons) Business and Financial Management

Financial management is an essential part of any successful business. This course will teach you the framework of managing business finances. It can also be the first step to qualification as an accountant.

The course focuses on specialist modules including financial accounting, management accounting, business finance, financial management, strategic management accounting and international financial reporting.

BA (Hons) Business and Economics

This course focuses on the role of business and how marketing, HR and finance are structured and managed in a global society.

You'll learn how corporate social responsibility can lead to financial sustainability and gain a solid business education with a focus on economics and skills in evidence-based decision making for financial solutions.

BA (Hons) Marketing

BA (Hons) Marketing enables you to focus on current contemporary trends in this exciting field. This new course contains a suite of modules designed to prepare you for a career in marketing with work based opportunities such as a marketing consultancy project, based in a Marketing clinic setting where you are able to gain knowledge and work experience by working on live briefs from external clients. In addition to this, you will have opportunities to attend company visits, guest speaker programmes and marketing events.

BA (Hons) International Business

The landscape of world business is evolving at a rapid rate and organisations are having to deal increasingly with international customers and suppliers. This course helps you prepare for a career in world business and experience international business first-hand. You'll graduate ready to deal with the exciting and turbulent nature of international trade.

BA (Hons) Accounting and Finance

This Accounting and Finance course has long been a popular choice because of its excellent career prospects. This course is so closely tied into real-world professional requirements that, when you've successfully completed it, you'll be exempt from nine exam papers for an accountancy qualification from the Association of Chartered Certified Accountants (ACCA).

WHY US?

- **Top in the UK for expenditure per business student (Guardian University Guide 2018)**
- **Top six in the UK for satisfaction with assessment (Guardian University Guide 2018)**
- **Recognised by key professional bodies including ACCA, CIPD and CIM**
- **Guest speaker programme – Regular guest speaker visits from key industry figures**
- **Company visits programme – Opportunities to visit local employers**

COURSE STRUCTURE

Whatever course you study, our approach to teaching and learning is student-centred, and there is a rich and active partnership between students and tutor. Built into your course are regular opportunities to check with your tutor and prepare you for the next stage of your studies.

As part of your course we also offer you many opportunities to work closely with businesses like Caterpillar, Microsoft and Nissan to ensure that your learning is informed by the most current developments in business.

EMPLOYABILITY

In all our courses our vision is to develop confident graduates for the 21st Century whose employability skills and professional identity is clear to employers. An important aspect of this will be to develop key graduate attributes that will stay with you for the whole of your working life.

To enhance employability, we offer a range of work placements and industrial projects. Placements are typically 48-week projects, with an average salary of £14,000-£18,000 a year.

We also offer a leadership programme, called Leading Lights, which will connect you with inspiring leaders from the world of business and the student-run Business Society.

If you have ambitions to start your own company, we have an on-campus business incubation centre called The Enterprise Place.

By the time you graduate you will have the skills and experience you need to succeed

in a fast-changing and competitive business landscape. You will be ready to make an immediate contribution in an existing organisation or succeed in creating your own business.

LIBRARY SERVICES

We've got thousands of books and e-books on business topics, with many more titles available through the inter-library loan service. We also subscribe to a comprehensive range of print and electronic journals so you can access the most reliable and up-to-date academic and industry articles.

ENTRY REQUIREMENTS

- **112 UCAS points**
- **Three passes at GCSE Grade C/4 or above (inc. Mathematics and English Language)**

Unsure if you meet our entry criteria? We have other routes onto these courses available. Please visit our website for further information.

In addition to our full-time courses, we also offer a part-time course in Applied Management.

PART-TIME COURSE

- **BA (Hons) Applied Management (Part-Time)**

This course allows current and aspiring managers to take the next step in their career by gaining a full BA (Hons) degree in management with one year of part-time study. Specific entry requirements apply.

For more details, please visit:
www.sunderland.ac.uk

**THE MOMENT YOU
DISCOVER YOUR SPARK.
THE MOMENT A LIFELONG
FRIENDSHIP BEGINS.
THE MOMENT YOU SEE
YOUR FUTURE AHEAD OF YOU.
THE MOMENT EVERYTHING
CLICKS INTO PLACE.**

At the University of Sunderland, a thousand life-changing moments are waiting for you. You might find them in the vibrant heart of our city. You might find them by the sea. You might meet them among our first-class facilities, in a lecture, or even on the football field. No matter where you find your moment, things will never be the same.

WHAT MAKES

A MACKEM IS SOMEONE FROM SUNDERLAND.

YOUR MACKEM TRANSLATION GUIDE

A few words you'll get used to hearing...

HA'WAY – “COME ON” OR “LET'S GO”

MARRA – YOUR BEST MATE

AYE – “YES”

NOR – “NO”

DINNIT – “DON'T”

A'REET – “ALRIGHT”

CLAYS – “CLOTHES”

THIS IS SUNDERLAND

The birthplace of the Mackems. The city by the sea.
The place where lives are changed, futures are shaped
and stories are rewritten. For our students, Sunderland
is the place where lifelong friendships are forged and
unforgettable moments are made. Many of our graduates
love it so much, they end up calling it home.

Wearmouth Bridge, Sunderland

OUR CITY BY THE SEA

Sunderland is a place that's as proud of its past as it is excited about its future. Situated on the North East coast, the city traces its roots back to Anglo Saxon times – and is currently undergoing unprecedented growth.

Over £1billion is being invested in exciting projects across the city, from the 'Northern Spire', an iconic new bridge across the River Wear and a vibrant Cultural Quarter near City Campus, to attractive public spaces and seafront landscaping. And with even more ambitious plans in the pipeline, this really is Sunderland's moment.

Our cultural heart.

Discover the Northern Gallery for Contemporary Art at the National Glass Centre.

National Glass Centre

A young man, Nathan Ward, is smiling and standing in a factory or industrial setting. He is wearing a light blue polo shirt with the 'Ebac' logo on the chest. In the background, there are various industrial equipment, including large metal coils and machinery.

MAKE IT SUNDERLAND

If you're a University of Sunderland graduate then you don't have to look very far to find work. From technology to financial services, to health sciences and advanced manufacturing, the city and the wider North East is home to a host of thriving businesses, from fast-growing start-ups to international corporates. Students also tap into our excellent industry connections to find internships or placements.

Hundreds of millions of pounds have been spent on the development of new business hubs in Sunderland over recent years, helping attract a whole host of businesses to the city, particularly around its key sectors.

Plans have already been approved for the development of phase one of the £400m International Advanced Manufacturing Park (IAMP), a hub for automotive, advanced manufacturing and technology businesses. If you're a budding entrepreneur, the city and the University have an outstanding track record of supporting you.

Some of the city's key employers include:

Nike UK, Tombola, Nissan, Rolls Royce, BAE Systems, Komatsu, Liebherr Cranes, Barclays, EE, EDF Energy, Berghaus, More Than, Arriva, Gentoo, Unipres, Hays Travel and TSB Bank.

Employers in the wider North East include:

Bellway, Virgin Money, Greggs, Husqvarna, Hitachi, Tolent, J. Barbour & Sons, Komatsu, The Go-Ahead Group, Sage, Magnet, Ebac and Parkdean Resorts.

SUNDERLAND IS RANKED 3RD IN THE UK AS ONE OF THE BEST CITIES TO START A BUSINESS

CHARLOTTE KNILL
**COMPUTER SECURITY AND
DIGITAL FORENSICS GRADUATE**
Digital Forensics Investigator,
Northumbria Police

MY MOMENT:

"Going on placement motivated me to pursue my current career. I worked really hard to get it too!"

“

I did a placement year with Northumbria Police and I was able to gain real world experience whilst still at University and see the work that goes on in this profession. I also worked in the private sector conducting forensic investigations of websites that had been hacked. That led directly to me landing my current role with Northumbria Police.

Now I'm working as a Digital Forensic Investigator, and I do feel that my time at the University of Sunderland still helps me in my work today.

I think now is a good time for women working in the industry to become role models for the future generation of girls who want to take this unique career path.

”

MAKE YOUR MOMENT

From big events to unique attractions like the National Glass Centre and Northern Gallery for Contemporary Art, there's always something to do in Sunderland.

Highlights include:

- Sunderland's International Airshow, a three-day spectacle in the skies which attracts close to one million visitors to the coastline from Roker to Seaburn
- The Sunderland Illuminations, which light up the Autumn evenings every year
- Sunnyside Live, the summer-long festival of music and dance which brings in visitors from across the country
- A string of vibrant independent bars, pubs and coffee shops hosting regular live music nights, reading and writing groups, craft clubs and more.

Furthermore, an exciting new partnership named Sunderland Culture has been established between Sunderland City Council, University of Sunderland and Music, Arts and Culture Trust.

The partnership presents a year round programme of exhibitions, events and performances across National Glass Centre, Northern Gallery for Contemporary Art, Sunderland Museum and Winter Gardens, The Fire Station and Arts Centre Washington.

It is an exciting time to be in Sunderland as the city drives forward the Twenty Four Seven programme; an ambitious £60m project running to 2024, which will see new venues, pop up galleries and creative workspaces opening in the city centre, alongside a city wide programme of events.

A PLACE FOR FRIENDS

A DJ, a Black man, is shown from the chest up, wearing a black t-shirt with a white graphic that includes the text '87/11' and 'STHLN'. He is wearing white earbuds and holding a microphone. The background is dark with blurred lights and a woman is visible in the background.

Whether you're looking for vibrant nightlife, cosy pubs serving cask ales, cocktail bars or independent coffee shops, Sunderland's busy centre offers plenty of places to make, meet and spend time with friends.

There's also our internationally renowned underground music scene, as well as a great selection of restaurants and pubs serving food to suit all sorts of tastes and budgets.

Sunderland Wall is 23m high with over 900m² of climbing and bouldering.

A WORLD OF ACTIVITY

Whether you like to swim, ski, run, cycle, climb, sail, surf, train indoors or outdoors, there isn't much you can't take part in at Sunderland.

As well as our excellent gym and sports provision on campus, you can also get involved in sports like tennis, badminton, football and squash. Or for something a bit different, why not give martial arts or trampolining a try?

Sunderland's 50m swimming pool

Feeling brave? Dive in. Try surfing, windsurfing, sailing, scuba diving and climbing.

A BREATH OF FRESH AIR

Sunderland's twin Blue Flag Award-winning beaches attract walkers, surfers, runners and cyclists wanting to enjoy the fresh sea air, while the Marina Complex provides top-class facilities all year round.

We share our coast with both South Tyneside and Durham's Heritage Coast, where you can see stunning coastal wildlife as well as the beautiful countryside of Northumberland, Country Durham and the North Yorkshire Moors.

Beyond the beach, the city has acres of green space including local and country parks, and wildlife reserves such as Rainton Meadows and Washington Wetland Centre. So you'll always find somewhere to explore.

Hit the beach
At Roker and Seaburn.

Ships ahoy!

In 2018 the Tall Ships Race came to Sunderland. Over 1.2 million visitors enjoyed the four-day regatta.

GO COASTAL

Sunderland doesn't just have great beaches – it has great surf spots too. The weather might not be tropical, but the waves are up there with some of the best.

ROW, SURF AND SAIL AWAY

Discover Adventure Sunderland, a million pound marine activity centre on Roker Beach. If you prefer dry land, mountaineering, archery and abseiling are also on offer.

WHILE YOU'RE HERE

Sunderland is an ideal base from which to explore the North East region and access some of the UK's best natural, heritage and cultural attractions. In 30 minutes you can visit historic Durham and its magnificent cathedral and castle, or enjoy Newcastle's retail offer, see the cultural delights of Sage Gateshead or take in acclaimed art exhibitions at the BALTIC Centre for Contemporary Art.

To find out more about the North East region visit visitnortheastengland.co.uk

Durham Cathedral

Angel of the North
NewcastleGateshead Initiative

Holy Island

Sunderland's

Washington Old Hall

was home to the family of George Washington, first President of the USA.

The red and white colours of the family crest feature in the American flag and influenced the Sunderland A.F.C. football strip.

Fancy a bit of shopping?

Sunderland's Bridges Shopping Centre and a range of quirky, independent shops are right on your doorstep. For something further afield, try Gateshead's Metrocentre or Eldon Square in Newcastle. If your style is a little more offbeat there are plenty of vintage shops or craft and arts outlets like Newcastle's Biscuit Factory to discover rare finds.

Steeped in history

There's a world of history to uncover in the North East – you can immerse yourself in the past. We have some of the best-known castles in the UK – try the imposing Bamburgh Castle or the spectacular ruins of Dunstanburgh. Scenes from the Harry Potter films were shot at Alnwick Castle and the Garden here is a day out in its own right. Further afield in the North of our region, visit the windswept Holy Island of Lindisfarne, cut off at high tide, or the bustling town of Whitby in the South, known for outstanding fish and chips and its association with Dracula.

Bamburgh Castle

GETTING HERE

RAIL

You can travel on a direct train from London Kings Cross to Sunderland in three hours, with many trains also calling at Hartlepool, Eaglescliffe, Darlington, Northallerton, Thirsk, York and Peterborough.

LONDON NORTH EAST RAILWAY

lner.co.uk

NORTHERN RAIL

northernrailway.co.uk

GRAND CENTRAL

grandcentralrail.com

AIR

Sunderland is accessible by major airlines through Newcastle International and Durham Tees Valley airports. It takes approximately an hour to travel direct to the University of Sunderland from Newcastle International Airport on the Tyne and Wear Metro service.

NEWCASTLE INTERNATIONAL AIRPORT

newcastleairport.com

DURHAM TEES VALLEY AIRPORT

durhamteesvalleyairport.com

Set on the North East coast, right where the River Wear joins the North Sea, Sunderland is connected to the rest of the UK by excellent road and rail links. You can reach us via air, rail and road – as well as sea!

Once you arrive, getting around is easy with plenty of local buses and the Tyne and Wear Metro, as well as a good network of cycle routes and public footpaths.

SEA

DFDS Seaways operate daily crossings from IJmuiden in Holland. Travelling the 12 miles from the International Passenger Terminal at North Shields to Sunderland takes about 25 minutes by car or approximately an hour by public transport.

DFDS SEAWAYS

dfdsseaways.co.uk

COACH

Park Lane Interchange is about a ten minute walk from City Campus and is the city centre's main bus station, where local buses and national coaches pick up and drop off.

NATIONAL EXPRESS

nationalexpress.com

BUS

Sunderland has excellent bus networks serving Sunderland and the surrounding area including Newcastle and Durham. The Sunderland Connect (700) bus is free for University of Sunderland students with a valid student ID and connects City and Sir Tom Cowie campuses with halls of residence.

GETTING AROUND

All eligible* first year students can enjoy **free public transport throughout Tyne and Wear** with a Get There Scholarship travel ticket from the University

**Full terms and conditions apply:*
sunderland.ac.uk

METRO

The Tyne and Wear Metro light-rail service is an easy means of getting around Sunderland, with trains running to and from Sunderland approximately every 12 minutes. There are direct links to Newcastle Central Station (30 minutes) and Newcastle International Airport (59 minutes).

For timetables and information on the Tyne and Wear Metro and all local bus services please visit:

nexus.org.uk/bus
nexus.org.uk/metro

PARKING

Sunderland has over 3,000 car parking spaces making it easy to access attractions, events, green spaces, cafés, restaurants and entertainment spots.

Wherever you're coming from and however you get here, you'll receive a warm welcome to Sunderland.

LIFE ON CAMPUS

CitySpace

Our courses and specialities are spread across two campuses, one in the heart of the city, and the other on the banks of the River Wear. Whether you study by the sea or in the centre of the city, Sunderland's incredible facilities mean student life is made up of unforgettable experiences.

CITY CAMPUS

Right in the heart of Sunderland – with everything you could need on the doorstep.

SUBJECTS:

Medicine; Pharmacy; Occupational Health; Physiotherapy; Pharmaceutical Sciences; Nursing; Paramedic Science; Health and Clinical Sciences; Sport and Exercise Sciences; Psychology; Photography; Fine Art; Illustration; Design; Fashion and Performance.

WHAT ELSE?

This city centre campus houses CitySpace, our iconic sports and social facility. The Sciences Complex and Shackleton House are home to our health and science related courses. Other buildings include Murray Library, Priestman Building, and Hope Street Xchange, a contemporary workspace for innovation-led businesses and entrepreneurial student projects.

SCIENCES COMPLEX

Home to our School of Medicine, Pharmacy and a huge range of science and health-related subjects. This is an outstanding multi-million pound, industry-compatible science and health facility, with the recent addition of a unique Living Lab featuring the most advanced sector simulation equipment.

- Industry-standard research and teaching laboratories
- Cutting edge testing equipment across specialisms
- Academic links with world-leading organisations including Pfizer and GlaxoSmithKline

SHACKLETON HOUSE

Home to Psychology, Paramedic Sciences and Nursing, this complex has recently seen a multi-million pound investment.

- Mock wards
- Consultation rooms
- Mock patient-transfer suite
- Industry-standard positive pressure isolation room
- Patient diagnostic suite
- State-of-the-art simulation facilities

Sciences Complex

MEDICINE

The University is proud to launch our School of Medicine with the first cohort of students starting in September 2019, one of five new schools announced in the UK.

Students will be taught mainly in small class sizes and learning groups, accessing opportunities for multi-professional learning alongside pharmacists, nurses, paramedics, physiotherapists, biomedical, sport and physiological scientists.

Students will also benefit from our excellent links with NHS Trusts for placements, personalised support and mentoring and first class on-campus facilities including simulation suites located at our state-of-the-art Living Lab.

AMY CONWAY

BSC (HONS) ADULT NURSING PRACTICE

“

As long as I can remember I've always wanted to be a nurse and now that it's become a reality it's so exciting.

I'm in my final year of study yet I've already secured a job at Newcastle's Royal Victoria Infirmary (RVI) within plastic and reconstructive surgery. I will take up my new role once I've completed my final-year placement within the cancer care ward at the Freeman Hospital.

Many people applied for the RVI role but there was only one position, I can't wait to get started. Becoming a surgical nurse is such an incredible opportunity. I have always looked up to nurses and the care they give people.

After starting a nursing course at another university I soon realised that this wasn't the place for me and I missed my family so much.

MY MOMENT:

“Being told that the job I applied for at the RVI is actually mine and I haven't even finished my degree. I can't wait to get started!”

Thankfully I spotted that Sunderland was to launch a new nursing course and I literally had one day to apply. It was the best decision I have ever made.

I have enjoyed every moment of the course. The confidence I have gained while studying here has been life changing; I was President of the Nursing Society and a student rep. I also attended the Student Nursing Times Awards to support the University.

”

Hope Street Xchange

HOPE STREET XCHANGE

This is where new businesses are born. It's also home to FabLab Sunderland, the North East's first digital fabrication laboratory, and the Enterprise Place, where students and graduates can access free support and advice.

- 3,500m² of workspace
- 30 offices
- 7 workshops
- Research facilities

THE GATEWAY

One of the busiest buildings on City Campus, The Gateway is where you'll find the vast majority of our support services.

- Financial support
- Careers advice through Sunderland Futures
- Counselling
- Accommodation
- Health and wellbeing

PRIESTMAN BUILDING

Discover state-of-the-art equipment in an environment filled with creative thinkers at the historic Priestman building, which has recently undergone a £6.5m transformation.

- Three art and design galleries
- Art, design and fashion studios
- Wood, metal and print workshops
- Performing arts spaces
- Wacom Cintiq design studio

NORTHERN CENTRE OF PHOTOGRAPHY

Based on the City Campus, the Northern Centre of Photography is one of the best in the country.

- Dedicated chemical and digital darkrooms
- Fully-equipped studios
- Digital suites
- Video, sound editing and screening facilities

DANCE CITY NEWCASTLE

We offer BA (Hons) Professional Dance in partnership with North East dance organisation Dance City based in Newcastle upon Tyne.

CITYSPACE

A £12m sports facility at the heart of City Campus, offering state-of-the-art fitness equipment and world-class athlete support.

- Six-badminton-court sports hall
- Technogym fitness suite
- Functional training spaces
- Sports massage and injuries centre
- Multi-purpose room
- Indoor climbing wall
- Event and exhibition space
- Dining and social area

SIR TOM COWIE CAMPUS AT ST PETER'S

An impressive riverside campus on one of the UK's most beautiful stretches of coastline.

SUBJECTS:

Animation; Art and Design Foundation; Business, Law and Tourism; Education; English; History; Computer Science; Engineering; Glass and Ceramics; Journalism; Media and Communications.

WHAT ELSE?

This campus includes The David Goldman Informatics Centre, a high-tech computing environment featuring the latest computers.

You'll also find The David Puttnam Media Centre, where students studying journalism, culture, social media management, media production, film, TV, animation and radio can take advantage of industry-standard equipment in 4,600m² of studios, workshops and editing suites.

DAVID PUTTNAM MEDIA CENTRE

Packed with industry-standard media equipment and technology, The David Puttnam Media Centre is home to the subjects of journalism, TV, radio and media production, animation, film studies and cultural studies.

With production facilities including two 4K TV studios, five radio studios and a HD cinema, it's no wonder that the centre is also the headquarters of local television station 'Made in Tyne & Wear', as well as a base for a team of BBC journalists.

It is also home to the mediaHUB – an innovative digital publishing and broadcasting space which houses our five student digital publications: Spark, Fashion North, Northern Lights, SR News and SportsByte.

- BROADCAST-STANDARD TV STUDIOS
- STATE-OF-THE-ART EDITING SYSTEMS
- DIGITAL AND POST-PRODUCTION FACILITIES
- LOCATION RECORDING KITS
- CINEMA SPACE
- FULLY-EQUIPPED RADIO STUDIOS
- VOICEOVER BOOTHS
- INDUSTRY-LEADING SOFTWARE
- WACOM CINTIQ DESIGN STUDIO

Sir Tom Cowie Campus at St Peter's

THE DAVID GOLDMAN INFORMATICS CENTRE

Home to the Faculty of Technology and the Faculty of Education and Society, this building has benefited from a recent investment in our engineering facilities and has over 240 computers available for use.

THE PROSPECT BUILDING

Situated on the bank of the River Wear, the Prospect Building has been the focus of a £1.25m redevelopment project to ensure that it can meet the needs of our students. It includes the Sir Tom Cowie Campus library, new catering facilities as well as a refurbished Gateway area.

THE REG VARDY CENTRE

A self-contained teaching and learning facility which houses the disciplines of business, law, tourism, culture, and social sciences, and is also home to the University's Law Clinic.

NATIONAL GLASS CENTRE

National Glass Centre is a centre of excellence in glass and ceramics with world-class facilities including:

- Refurbished student and gallery spaces following a £3.7 million investment
- Spaces for artist designer makers
- Northern Gallery for Contemporary Art
- International programme of exhibitions and projects
- World-leading expert demonstrations

A GLOBAL UNIVERSITY

OUR REPUTATION EXTENDS WELL BEYOND THE NORTH EAST OF ENGLAND

As one of the largest recruiters of overseas students in the UK, you'll be learning alongside students from over 100 countries. The same high-quality courses offered at Sunderland have been delivered across the world for decades – and this global view will be a critical element of your degree.

Central district, Hong Kong

AROUND THE WORLD

We're a global University with over 6,000 students studying on our courses overseas. We work with 22 educational partners in 14 countries including Malaysia, Singapore, Trinidad and Tobago and Kenya, delivering distance learning courses to students in 84 countries.

LONDON

Situated right at the heart of London's vibrant financial district, our London facility offers courses in business, management and finance, tourism, nursing and health and English for Academic Purposes to UK, European and International students.

[Go to london.sunderland.ac.uk](http://go.to.london.sunderland.ac.uk)

HONG KONG

With a substantial track record of educating students from Asia, our links with our Asian alumni become even stronger as we established a major presence in this hugely influential region. The University of Sunderland's campus in the Central district of Hong Kong firmly places us at the heart of one of the region's most exciting cities, where we deliver a large range of business and tourism courses.

[Go to sunderland.edu.hk](http://go.to.sunderland.edu.hk)

LIVING HERE

Living with other students is a brilliant way to immerse yourself in the University experience. It could be the place you meet friends for life.

If this is your first time studying at Sunderland, you're guaranteed a room in University accommodation, where you'll have everything you need to work, play and live in a home away from home.

- Fully equipped kitchens (crockery and cutlery not included)
- On-site laundry facilities
- Choice of four accommodation sites
- Flexible living arrangements
- Fast, reliable internet
- All-inclusive rent
- Year-round accommodation
- Personal possessions insurance
- Wheelchair access
- Disability support

Want to come and see for yourself? You can visit our accommodation sites on open days or book a tour through the Accommodation Team.

Go to sunderland.ac.uk/accommodationservices

Email: accommodation@sunderland.ac.uk

Or call the Accommodation Office on 0191 515 2943

“

I would recommend anyone studying at Sunderland to live in university accommodation! I've made some amazing friends here and have loved the feeling of living in a community.

I received great support from Accommodation Services, which made moving away from home a lot easier. Metro and bus stops are close by so it's really easy to get to and from uni and also into the town centre.

”

STUDENT LIFE

**Your
SUnderland***

*Students' Union

HELLO FROM YOUR STUDENTS' UNION!

One of the best things about being a student is finding a place you belong – and your Students' Union is at the heart of this experience.

We're here to empower you and help you play an active role in university life, giving you the support you need as you make friends, have new experiences and graduate with the best degree you can!

You're automatically enrolled as a member, for free, as soon as you register on your course. So make sure you make the most of your Students' Union – where you can do all this, and more.

- Volunteering
- Representing students on your course
- Getting involved in events and activities
- Find free, independent, confidential advice and support
- Share your views and raise concerns
- Get teamed up with an SU Buddy or become a buddy yourself
- Get involved in campaigns which make real changes to student life
- Gain valuable career skills and experience
- Find funding for the things that matter to you
- Join or start a society and share your passion

GARY BOOTH
BA (HONS) GRAPHIC DESIGN

“

I began to think about my future for myself and my family. For the first time in my working life I realised that I wanted a career that would support us better as a family.

Early in 2016 I started a fast track access course at Sunderland College, and started studying at the University of Sunderland in September that same year. I have never looked back.

I am really enjoying every minute of my course, and I really appreciate being able to benefit from face-to-face advice and guidance from my tutors.

”

MY MOMENT:

“Becoming a parent for the third time was a huge life-changing event which spurred me on to thinking about the future for myself and my family.”

STATE OF THE ART CITYSPACE GYM WITH ANNUAL MEMBERSHIP FROM £120

Terms and conditions apply

CLUBS

Team Sunderland is the home of over 30 sports clubs. Joining a club will help you meet new friends, experience new cultures, express your creativity and have fun. You'll also develop skills that will be essential in your working life. There are so many opportunities to get involved – from netball to basketball and hockey to scuba diving, there's something for everyone. And if we don't offer a club with your interests, we'll help you set one up.

SPORTS AND THE GYM

- We run a range of programmes in a variety of areas, from strength training and group classes to fitness camps, courses, clubs, teams and even volunteering schemes. So whether you're interested in playing, organising or just watching, there's something for you.
- Discover all sorts of fun opportunities through **UoS Active**, our casual 'Pay & Play' scheme.
- Make the most of **CitySpace**, our flagship facility which includes a state-of-the-art fitness suite, functional training spaces, sports massage clinic, six-court badminton hall and more.
- Enjoy our new open-air, multi-use, full-sized floodlit court at the **Sir Tom Cowie Campus**.
- Try something new or develop your skills with coached taster courses, full training and competition packages, and over 20 sports teams to join, all covered by our in-house sports media platform **SportsByte**.
- Are you an **Elite Athlete**? We offer funding of up to £1,000 for talented individuals who will be given the opportunity to represent Sunderland at regional and national level sports.
- Interested in a career in sports? Add skills to your CV and find placement opportunities and sports career guidance through the **Sport Career Academy**.
- Sunderland has some outstanding **facilities**, including a 50m swimming pool, 110m dry ski slope, LTA accredited tennis centre, athletics track, marina and water sports centre.

BECKY DALY
BSC (HONS) SPORT AND
EXERCISE SCIENCES

“

I started playing for Team England Tenpin Bowling in 2010 at the age of 13 and have represented England in Vienna, Scotland, Wales, Ireland, Denmark, Germany, South Africa and USA.

In 2017 I applied to the University's Elite Athlete Scheme. The funding is a great help, and it is lovely to have someone to talk to who is interested in seeing me improve and succeed in my sport. I also know someone is always there if I am ever struggling with my studies.

”

MY MOMENT:

“Winning a Gold Medal in the mixed doubles event in the South Africa Commonwealth Games 2016.”

SUPPORT

Students are at the heart of everything we do, and we're always looking for ways to help you get the most out of campus life – that's why we're known as 'the friendly University'. From the moment you apply to the day you graduate, we'll be there to help if you need us.

THE GATEWAY

Your one-stop-shop for advice and support. Some of the friendliest people you'll ever meet will deal with your query directly, or they'll put you in touch with others who can.

RETURNING TO LEARNING

Want to experience university life but think you've missed your opportunity? Think again – at the University of Sunderland it's never too late.

We are proud to have a long tradition of welcoming adult learners who want to progress into higher education. We will take previous study experience and work-related skills into consideration, so entry requirements for adult learners may be different to those specified in the course listing.

We also deliver the Returners to Learning Progression Scheme, aimed at students who are studying an Access to Higher Education course, or a Level 3 qualification at a local college.

Email: progression.schemes@sunderland.ac.uk
Call 0191 515 3000

MONEY MATTERS

FEES

Full details of our course fees and our financial support can be found on our website. Here are a few things you should know.

- Fees do not have to be paid upfront
- They'll stay the same for the duration of your course
- Your repayments will be linked to your income and aren't based on how much you borrow
- You'll only make repayments if you're earning over £25,000 a year
- Loans are available to cover the cost of fees

SCHOLARSHIPS

We know that going to university is a huge financial investment, and we want to help as many people as possible into higher education.

That's why we offer a package of scholarships that you don't have to repay. Visit our website to find out what may be available for you. **For example, the scholarships offered in 2019 included:**

GET THERE SCHOLARSHIP

Get free travel in the form of a regional or local travel ticket, depending on your term-time address, or a £600 accommodation discount from university-managed accommodation.

EXCELLENCE SCHOLARSHIP

A £2,000 cash scholarship split over years 1 and 2 for students who achieve 128 UCAS points from a maximum of three Level 3 qualifications.

OFF-CAMPUS SCHOLARSHIP

A £1,200 fee reduction for each year of study, available for students on a full-time undergraduate franchised programme or at a designated partner college.

OFF-CAMPUS PROGRESSION SCHOLARSHIP

Students progressing from a partner college University of Sunderland Foundation Degree to an on-campus top-up year can receive up to £500 cash.

STUDYPLUS SCHOLARSHIP

StudyPlus is a personal fund for each first year student to spend on study essentials and textbooks in the University's StudyPlus online store. Students on an Integrated Foundation Year receive £200 of funds plus a bundle of study skills books worth £80. Other first year undergraduate students will receive £150 of funds.

For students interested in studying Medicine we have a range of scholarships available including free accommodation, free travel and cash. To find out more please go to sunderland.ac.uk/scholarships

DISCRETIONARY SCHOLARSHIPS

We offer two discretionary scholarships following an application and assessment process.

STUDY ABROAD SCHOLARSHIP

Students with an annual household income of less than £42,875 can receive up to £1,000 to fund a short international programme in year 2.

WE CARE SCHOLARSHIP

Available for Home care-experienced or family-estranged students aged 25 or under, this scholarship offers £1,500 for each year of continuous study.

STUDENT SUCCESS FUND

A discretionary fund to support full-time students from care or those estranged from their families who need additional financial support of up to £1,500 per year.

Find out which scholarships you could be eligible for at sunderland.ac.uk/calculator

This information is correct at the time of printing and is based on University tuition fees remaining at their current levels (Feb 2019). For up-to-date scholarship information please visit sunderland.ac.uk/scholarships

RACHAEL COADY

ENGLISH AND TESOL GRADUATE ENGLISH POSTGRADUATE

**English Teacher, Whickham School
and Sports College**

“

My time at the University provided the foundations for my role as a teacher. I completed a Students as Tutors module as part of my degree, which gave me experience of tutoring adults and actually allowed me the time to gain work experience in schools.

Experience in schools is essential when applying for a teacher training course. I was given the time to see different teaching and learning the different techniques being used, techniques that I now use in my own teaching.

MY MOMENT:

“Completing my Masters degree. It was the best year of my life, and I met some of my best friends.”

Though I'm now working as an English teacher, my time as president of the netball society really helped me in my career. I developed as a coach and umpire, and the University even paid for me to take my level one netball coaching course.

I was fortunate enough to be a Year 7 netball coach last year. These extra activities all help towards gaining employment, and are a good way to develop rapport with your students.

My time at Sunderland boosted my confidence as a person massively, and confidence is definitely something you need to be a good teacher.

”

PREPARING FOR YOUR FUTURE

OPPORTUNITIES AT YOUR FINGERTIPS

Your time at university will shape what you do for the rest of your life. Sunderland Futures is dedicated to helping you develop your potential, gain the skills and discover the experiences that will enhance your employability.

SUNDERLAND FUTURES

The Sunderland Futures team are here to help you stand out from the crowd. Whatever your career ambitions, we will give you the opportunities and the support you need to become a successful graduate with the skills and experience top employers are looking for.

We offer:

- Advice and guidance on your career options
- Support with your CV, applications and interviews
- Access to our online vacancy service where you will find work experience, volunteering, placement and graduate opportunities
- Advice for starting up a business and a leadership programme
- Employer events on-campus and a Professional Mentoring Scheme
- Recognition through the Sunderland Professional Award

BE INSPIRED...

Research at Sunderland spans many subject areas from digital technology to material science, from health and wellbeing to media and culture (to name just a few) and is recognised as having impact at a national and international level.

What makes our research stand out is its relevance to the real world and that it informs all areas of our teaching. That means that our academics are not only great teachers but also at the leading edge of their subject area delivering a great experience for our students, and ground-breaking outcomes for our community and the wider world.

...AND TAUGHT BY THE BEST

Our great teaching is reflected in our Silver rating in the Teaching Excellence Framework (TEF) assessment.

The TEF judges highlighted the excellent outcomes our students achieve thanks to our strong relationships with employers, enabling our graduates to begin their careers with relevant work-ready knowledge and skills.

Framework 2014

STUDENT MENTORING

Before you join our University community we will link you to a more experienced student already familiar with your chosen subject area in order to help you settle in. As part of your second or third year you too could become a mentor and get formal recognition for your commitment to add to your CV.

PROFESSIONAL MENTORING SCHEME

You'll be matched with a mentor within your field of interest who will work with you in one-to-one sessions, giving valuable insight into what they do and how they got there, and helping you develop an understanding of the skills you'll need to be successful.

WORK PLACEMENTS

Placements put you ahead of the competition and set you on your career path, with experience and insight that will give you a competitive edge in the jobs market. Each Faculty has a placement team who will support you in finding the right company.

INTERNSHIPS

Graduate internship schemes are an excellent way to begin your career. As an intern, you will be working full-time and earning a wage of at least £17,000. Many of our interns are offered permanent positions with their host companies, and it's also a fantastic way to start building your professional network.

EXCELLENCE IN ENTERPRISE

The Enterprise Place provides budding student entrepreneurs with the perfect environment to test their ideas and turn them into real businesses. Membership offers students free access to professional workspaces, support from specialist business advisers and mentors, networking opportunities, masterclasses and a start-up skills course.

RECOGNITION FOR YOUR ACHIEVEMENTS

The Sunderland Professional Award (SuPA) rewards you for the skills and experience that you gain through participation in activities outside the lecture theatre. Developed in partnership with employers, SuPA will enhance your future employment prospects by encouraging you to undertake extra-curricular activities and acquire new skills and experiences.

UNMISSABLE OPPORTUNITIES

UNIQUE EXPERIENCES

With Sunderland Futures there's a world of opportunities on offer which will enhance your university experience, offer additional accreditation to your qualification and set your CV apart.

- Student Ambassador Scheme
- Spark Sunderland, the University's radio station, TV station and magazine
- The Mooting and Debating Society
- The Blueprint business planning competition
- Formula Student Racing Car building
- A huge range of clubs and societies

STUDYING ABROAD

We are connected to over 300 exchange partner universities giving you the opportunity to immerse yourself in another culture, develop unique skills and have one-of-a-kind experiences that will make you stand out to any potential employer.

You can spend one or two semesters of your second year in countries including Australia, Canada, USA, Japan, South Korea and a large selection of European countries.

Or you can opt for a short term summer option for anything from two weeks to three months.

The time you spend replaces the time you would have spent here in Sunderland, so there's no need to extend your studies, creating truly life-changing experiences.

EXPERIENCE SUNDERLAND IN LONDON

We know that real-world experience is important to you and it looks great on your CV so a wide range of our courses offer the opportunity for a summer visit to our London campus adjacent to Canary Wharf. Your academics use their extensive industry and alumni connections to offer a package of company visits and workshops that build your knowledge of a sector along with some great social activities.

These visits are heavily subsidised and include all travel and accommodation.

OTHER GLOBAL OPPORTUNITIES

Some University of Sunderland subjects like Tourism offer students the chance to visit our Hong Kong campus or to cities like New York or Barcelona for cultural and industry-orientated experiences. Again this helps to build your CV of experiences to help you stand out in the jobs market.

ALESSER ALZEIN BA (HONS) BUSINESS AND APPLIED FINANCIAL MANAGEMENT

“

I studied for a year abroad at the Berlin School of Economics and Law, and then did a work placement year in London as a Management Trainee, which significantly developed my experience.

I have tried to participate in everything on offer, I've been a Student Representative, Student Ambassador and Student Assistant, taken part in the Professional Mentoring Scheme and Common Purpose Leading Lights.

It is very easy to talk to my programme leader whenever I need some advice, which makes my student experience much more pleasurable and hassle-free.

”

MY MOMENT:

“The Open Day. Staff were very warm and friendly, which made me feel confident in my choice.”

JAMES LONGMAN (above centre)

MEDIA GRADUATE

Supervising Producer, *The Late Late Show* with James Corden, USA

“

I wrote to production companies and executives, eventually getting work experience at the BBC on a music show *The O-Zone*. That experience got me an interview at MTV and got my first paid job as an intern.

MTV was a huge learning curve. There wasn't much money, so I got to do a little bit of everything – writing, shooting, lighting, sound, editing, directing, producing. The live shows were great as it was a real thrill to have an idea and then see it on screen two hours later.

In 2015, I bumped into the executive of the *Late Late Show* at the Edinburgh TV festival. I said to him, “if you ever need a producer out there, think of me”. Within two months I was in LA!

MY MOMENT:

“Filming a sketch with Matt Damon and James Corden. On the roof, with a huge crew and one of the biggest stars in the world – and the Hollywood sign in the distance. That felt pretty special.”

Now, I'm in charge of all of the celebrity segments of the *Late Late Show* and I'm lucky enough to work with some of the best talent in the world and I've just won an Emmy. I have done shoots with Tom Cruise, Matt Damon and Ryan Reynolds, to name but a few. James Corden is full of ideas and encourages us to keep pushing things to make them better.

Sunderland was a great learning curve for me. The course was varied and very hands on, and team work was encouraged – and that's still key to what I do today.

”

STUDY YOUR WAY

INTEGRATED FOUNDATION YEAR

– PART OF A FOUR YEAR DEGREE

WHICHEVER STAGE YOU'RE AT

Looking to embark on a new career path or learn a new subject? Haven't met the entry requirements needed to start on the course of your choice?

Want more time to develop your skills and broaden your knowledge before starting your degree? Then a four-year degree with an integrated foundation year, based here at the University could be for you.

This specially designed integrated foundation year, combined with a three-year undergraduate degree, will help you gain the essential study skills and subject knowledge you need.

We have over 50 degree courses across a broad range of subject areas that are now accessible with an integrated foundation year. You will be taught on campus giving you a seamless transition from your foundation year to your three-year degree course.

Many integrated foundation year students come to us with no formal qualifications but with relevant and valuable work experience. So if you want to improve your career prospects by having a universally-recognised qualification, we can offer you a course that matches your ambition.

PARTNER COLLEGES

We work in partnership with some of the region's top colleges, enabling you to study some of our higher education programmes at a college site that's convenient for you.

Our partnerships include:

- Bishop Auckland College
- East Durham College
- Gateshead College
- Sunderland College
- Tyne Coast College

You'll be both a student of the college and the University, so you can take full advantage of the facilities at your college and some of the facilities at the University. The bulk of your learning will be at your chosen college, although, depending on your course, there may be times when you'll need to study at one of our main campuses.

There are several types of courses you can study at a college of your choice.

FOUNDATION DEGREES

A Foundation Degree is a higher education qualification at Level 5, and is equivalent to the first two years of a degree. All full-time and work-based part-time foundation degrees offered at our partners are studied over two years, all with the option to extend your study and 'top-up' your qualification to a full honours degree here at the University. We offer Foundation Degrees in the following subjects: Sports Coaching, Exercise, Health and Fitness, Counselling, Education and Care, Health and Social Care, Power Engineering, Applied Fine Art Practice and Applied Music Practice.

IN-SERVICE PROFESSIONAL GRADUATE CERTIFICATE / CERTIFICATE IN COMPULSORY EDUCATION AND TRAINING

This in-service course leads to the main recognised qualification for the post-14 sector in the UK and is aimed at teachers, lecturers or trainers.

HOW TO APPLY

Check our website for full details of the courses we offer at our partner colleges.

For full-time courses, apply via UCAS using the UCAS code for University of Sunderland (S84) then choose the college campus you want to study at. For part-time courses, contact the college direct at the number below and apply using their direct application process.

COLLEGE	TELEPHONE

THOMAS CEPE

AUTOMOTIVE ENGINEERING GRADUATE

Chassis Design Group Leader at Ferrari
(Formula One), Italy

“

I chose the University of Sunderland because of its facilities and its connections with industry. I enjoyed my course which was very technical and practical, and the facilities allowed me to turn my designs into a reality. The general support, standard of lectures and workshops was at a high level.

I loved that Sunderland is close to the coast, and Newcastle and Durham. I made friends with other international students and learnt about different cultures. The Students' Union's sport and night life allowed me to socialise with people outside of my course.

MY MOMENT:

“A highlight of my studies was undertaking my work placement in motorsport. After that my career choice was easy.”

My placement fuelled my desire to pursue a career as a Design Engineer in motorsport. I now specialise in chassis design for Ferrari F1 cars.

”

COURSE LISTING

Additional information on every course in this prospectus can be found by accessing the University website: **sunderland.ac.uk**. Simply key in the UCAS/CID code for your course when you search the course database. Each course entry can be printed off. If you do not have internet access, please ring the helpline on 0191 515 3000 or email: student.helpline@sunderland.ac.uk and our friendly and knowledgeable staff will be happy to send you any relevant printed course information or chat through your options and chosen course with you.

HOW TO APPLY

If you are interested in studying either a full-time or one year top-up course, please go to the University's website and search for your chosen course using the UCAS/CID code and click on the apply button. The link will take you through to UCAS to apply.

You can apply direct for any of our part-time courses. Go to the University's website and search for the course you are interested in and click on the apply button.

For part-time courses which have a unique UCAS code you can apply either direct or through UCAS following the instructions above.

COURSE TITLE	STUDY MODE	COURSE LENGTH	LOCATION OR CAMPUS	UCAS/ CID CODE	TYPICAL OFFER (required UCAS Points unless otherwise stated)
ARTS					
Foundation Degree Applied Fine Art Practice	FT	2 Years	Tyne Metropolitan site of Tyne Coast College	W1A2	56
Foundation Diploma in Art and Design	FT	1 Year	Sir Tom Cowie	CID10	32
BA (Hons) Artist Designer Maker: Glass and Ceramics	FT/PT	3/6 Years	Sir Tom Cowie	W260	112
BA (Hons) Artist Designer Maker: Glass and Ceramics with Integrated Foundation Year^	FT	4 Years	Sir Tom Cowie	W265	40
BA (Hons) Fine Art	FT/PT	3/6 Years	City	W100	112
